

## **A VISIT TO ANNA CENTENARY LIBRARY**

We went to Anna Centenary Library for a field Trip. It was our FIRST FIELD TRIP after the lockdown, so, we were eagerly waiting to go there!

After a head count, our bus was brimming with joy as we sang and played games. Suddenly we saw A BIG building. I couldn't believe it. A library?!

Along with the teachers we saw the Kid's Section filled with books. Harry Potter, Wimpy kid and Highlight Genies to name a few. We read the given books and after a big search for a book with my teacher, we left the section with no heart to leave.

The Books we read were Carnival, Wimpy Kid: 3<sup>rd</sup> wheel and Multimillion pound mascot.

We saw the library until the 5<sup>th</sup> floor when an interviewer called me and my besties (current editors) to research us. We ate our lunch while sitting on the floor. Though we had to wait for our bus, it was 'better late than never' and we went back to school. It was a very fun experience.

P.S- Please take us here again for another nice day and to read more.
