

Dear Parents,  
Greetings from San Academy!

► "Mish Mash" is a combination of activities served together for children to enjoy and learn during classes. Club activities improve children's knowledge, skills, teamwork, creative thinking, and activate minds. They help our children build skills outside the classroom. The capabilities learnt in clubs include collaborating with other children, communicating while working together on common projects, learning to follow directions, and modeling leadership for both peers and adults.

Regards

SAN ACADEMY, KAMAKOTI NAGAR

# HERITAGE CLUB

# HERITAGE CLUB

A Heritage Club is an educational initiative aimed at promoting the understanding and appreciation of cultural, historical, and natural heritage among students. Students will also learn about their own cultural roots and also develop a broader understanding of the world's diverse heritages.
