ENFANTS:

ENFANTS is a club which aims to keep the children updated on all the activities planned for the month ahead .We provide different activities for our students to equip them with holistic education by balancing academics with extracurricular activities and to develop social skills. School clubs let students discover the value of unity, let the students learn from their peers, let the students learn to respect another person’s viewpoint. School clubs provide plenty of opportunities for students to take on leadership roles and show off their talents through club activities.
