MANAGING DIRECTOR: Ms.R. Archana a visionary in the field of education has an engineering background and an M.B.A to her credit. She aims at taking her schools to the pinnacle of achievements by making her children excel in all arenas. Ms.Archana strongly believes in freedom of action and thought for her children. She aims in extending a holistic education and wants her children always to excel and achieve their dreams. She says that the strides of growth for SAN ACADEMY is so promising that five years hence she looks at SAN ACADEMY as one of the top ranking CBSE schools in Chennai city.

PRINCIPAL, Velachery Branch: Ms.A.PadmaPriya is an educationist with 16 years of teaching experience in various Indian and International boards holding masters degree in Biology, Psychology and in Education Management. She is an enthusiastic person and enjoys environment that has wide range of people. The deep passion and interest in the field of education has kept her desire to make a difference in the lives of children. She believes in creating benchmarks for students and teachers and track progress towards the goals and vision of the school.

PRINCIPAL, Pallikaranai Branch: Ms. Sujatha Saravanan, a fervent personality believes in holistic learning that endorses child- centric pedagogy beyond books. She believes in shaping a vision of academic and co-scholastic success for all the students. She holds a Post Graduate degree in Humanities and a Bachelors degree in Education from Madurai Kamaraj University. She is a voracious reader and her story telling skills are laudable. Her augment exposure to CBSE curriculum and skillful teaching patterns has empowered her to become a leader in the field of education.

PRINCIPAL, KKN Branch: Ms.Ganga Natarajan is a dedicated administrator and educationist. She sincerely believes that 'Education is the most powerful weapon which can change the world.' She is a Post graduate in Economics along with a professional degree in Finance. She has served more than two decades in the field of education. She is a proud recipient of 'Best Teacher Award 2009' by Lions Club of Velachery and 'Best Teacher Award 2014' by the South Cluster of Chennai Sahodaya School Complex for her exceptional commitment towards her profession.

Musings of MD...

R. Archana

Managing Director – San Academy Group of Schools.

A community is not merely a collection of individual persons; it is a set of relationships, including the attitudes and behaviour of its members". It is truly an honour to play a pivotal part in running this special San community, with our wonderful students, teachers, and parents. I see a group of students with magnificent potential, an institution that's on its way to become one of India's best, and a campus that has become a flourishing epicenter for student and community life. The future is so very bright and promising, I request you to heartily join me in structuring and designing our pathway to this wonderful vision.

San Academy, no doubt is ascending strongly and swiftly in its pursuit to attain a paramount place in the field of academic excellence. The environment of this school is a place where students come to learn, grown, and create. Our teachers astutely tap into their creative spirit and help them to achieve their goals of academic excellence.

Proud to say that our school is also a flourishing hub for nurturing and promoting competence and talents in co-curricular activities with inspiring clubs, sports teams, community out reach programmes and field trips. The campus comes alive with their passion for such extramural activities and sessions.

“Somewhere, something incredible is waiting to be known.” - Carl Sagan

I stumbled upon this amazing quote recently and realised how relevant it is for all of us: children, parents and teachers. There is never any point in the life of a person when he can sit back and say. “There is nothing more to learn, I can relax with the comforting thought that the universe around me is an open book. I know it all.”

Education is not just about the subjects that are learnt and taught in school. Becoming educated is not restricted to being in school and then in college, gathering certificates and feeling proud of oneself. It is a lifelong exercise that can be unbelievably exciting if only we wish to jump onto the train of experience and take a trip to every conceivable place on the earth. Now we know that this cannot be done literally, so how do we manage it, first in school and then as we go on through the journey of life?

First, we all have to be on the same page: children, teachers and parents have to understand that education is not restricted to lessons taught in the classroom from text books. Parents and teachers must encourage children to ask as many questions as they can. For it is in wanting to know that will result in actually getting to know.

The thirst for knowledge is not restricted to the child. It is also essential for a parent and a teacher to keep adding to their own knowledge bank by keeping their eyes and ears open and by reading as much as possible and ensuring that children develop these habits as well.

At this juncture, I humbly request parents to understand that each child is unique and he/she has a distinct potential and skill sets. Come to imagine a hidden masterpiece inside a white canvas or a spectacular sculpture beneath a marble or a sonata in a violin waiting to be unveiled.

Not all successful intellects are doctors, engineers or barristers. Success arises when passion in a field achieves its rightful triumph. Lets strive together to help them metamorphose into righteous citizens of this community completely aware of their responsibilities towards people and the environment in which they dwell. Half of the success is delivered here.

Let's begin by turning ourselves into exemplary examples for our children. Lets instigate them to shun plastics by doing so ourselves. Let's imbibe in them the spirit of green revolution by sowing seeds of such ideologies in their mind and in the soil in all exuberance with them. Children sub-consciously become what they see. And I envisage them going to great zeniths with us to lead them seamlessly on that path.

So join us as we are all set to make rich achievements in the coming years marking the beginning of an all new era in the history of San Academy and its eminence.

SAN Academy on the Saddles of Education Excellence

Moulding the Future of the Nation

Inculcating discipline and moral values in the students to cater to the ever-changing norms of the society, San Academy Group of Schools ensures ample opportunities for every child to reach his full potential and centres its educational philosophy on praise, encouragement, enthusiasm and affection

Being well aware of the fact that children in the present times are more sensitive, with a very high self-esteem and practice independent thinking, the educators at San Academy Group of Schools get the best out of the children through the positive reinforcement of good work and good behavior. Believing in the notion that every child is unique in nature with varying needs, they foster a conducive environment full of love, care, motivation and creativity, and instill in the children a desire to learn with emphasis on their social, emotional, physical, aesthetic, intellectual and developmental aspects, rather than criticism, fear and punishment.

AN ENRICHING ODYSSEY

Bent on exploring the journey of education by providing enrichment through values and exposure to varied learning opportunities with an emphasis on holistic education, San Academy Group of Schools has a proud academic tradition which maximises every learning opportunity to shape the students' future through high-quality, values-enriched teaching and learning. Giving exposure and extending various platforms to exhibit the innate talents of children is the prime principle of San Academy institutions.

A CONDUCTIVE LEARNING ENVIRONMENT

Under the exemplary leadership of Ms. R. Archana Managing Director, every child is considered as a unique divine blessing by the educators at San Academy who consistently attempt to nurture the amazing abilities of the children. Such an endeavour is enabling each one of them to achieve the best in their lives as San Academy feels that every child has something great in store for future. More to add, Ms. Archana strongly believes in the students' freedom of action and thought, and is consistently working with an aim of taking her schools to the pinnacle of glory, by making the children excel in all the arenas. Considering every student as an unpolished stone when she or he enters into the school, she feels that it is the school's dedicated mission to shape them into dazzling diamonds in facing the futuristic challenges of the complex and competitive world. According to her, every SAN-ite should love the school and be always eager to be a

part its success story. She also insists on making the learning environment conducive and productive with the help of audio-visual aids, computers, smart boards, etc.

The School has also found a dauntless position for itself in professional development of its teachers and programme leaders, and active parent involvement in the school. The School, therefore, stands out as it chooses to involve all its stakeholders-children, parents and teachers-in building a shared understanding of the Vision, the Curriculum and practices. From coordinating a variety of Workshops and training programmes for parents through the year, to involving parents in diverse multi-cultural experiences along with children and teachers, the School dedicates resources to empowering the parent community in the process of enriching children's growth and learning.

PROMOTING HOLISTIC DEVELOPMENT

What makes the School progressive in the true sense is that it has continued to grow, transform and evolve over the past decade in keeping with the continuity of the Values that it stands for. With focus on Excellence and academic rigour along with enabling children in learning to feel, diverse opportunities are created for children to find their voices through the Life Skills Program, Fine Arts, Performing Arts and Sports. With the ideal teacher student ratio the differential learning styles, needs and abilities of the learners are consciously addressed. The pedagogical research provides the school with the generative insights that fortify student learning.

Nurturing a vision for holistic development of the students, San Academy has introduced various activities as 'After School Programme'. With a view that classroom teaching-learning environment gets strengthened by after-school activities, this programme is an attempt to target the aesthetic development, character enrichment, spiritual and physical growth, of the students and is a means of developing their skills and competence. In addition, such extracurricular activities enable the students to express themselves freely and inculcate the values of co-operation and brace the students for the challenges of the future.

EXHIBIT THE INNATE TALENTS OF
CHILDREN IS THE PRIME PRINCIPLE OF
SAN ACADEMY INSTITUTIONS.

Ms.R.Archana, Managing Director San Academy Group of Schools received the "UN Global Impact for Woman Empowerment in Education" award from Ace Tennis Player Ms.Sania Mirza.

EdTech review Award - Best chain of schools (South). Award received by Ms.Padmapiya, Principal San Academy Velachery.

Ms.R.Archana, Managing Director San Academy Group of Schools received the "Best Women Edupreneur" award from the Economic growth society of India.

Ms.R.Archana, Managing Director San Academy Group of Schools received the India's young leader in Education Award from Madam Ms.Maneka Gandhi, Union Cabinet Minister of Women and Child Development.

MESSAGE FROM PRINCIPAL

Ms. A. Padma Priya

“A school is a place surrounded by four walls with the future inside” It’s a social institution that reflects the standard of the society. Good schools will help exploring the hidden talents to it’s full possible way in order to the upliftment and progress of human minds.

San Academy takes up the responsibility in changing the future society and its people in the field of academics, social, mental, moral and physical development.

San Academy has always been a second home for children and their first world to explore. They experience a period of joy during their stay, undergo healthy competition, learn to adjust, share, care and love. More than the infra structure it is the hearts of students and staff that makes San Academy a true institution.

This school is oriented to the total formation of a child to suit the dynamics of the changing world in order to achieve common goals. Students are prepared to grow with confidence and passion in the areas of their strength and potential.

“Intelligence plus character is the goal of true education “ The people of fine character live by their values. They are honest and committed to the truthfulness in thoughts, word and deed. True character develops the capacity for self discipline, self respect and which in turn leads to self esteem. In such person evolves the maturity to handle problems, decision making, and managing responsibilities without partiality.

Always remember to uphold the dignity of people. Be always ready to give preference to others.

“You are God’s gift, what you become is your gift to God”

“Always lead life with purpose and passion to bring out the best from within.”

INVESTITURE CEREMONY (2019-2020)

*Leadership is not about a title or a designation.
It's about impact, influence and inspiration.”
– Robin S. Sharma*

A ceremony of investiture is symbolic of a myriad of different important aspects of human life- growth, maturity, belief, faith, duty and sincerity, to name a few.

In keeping with this, San Academy, Velachery, to ensure a well-rounded education to its meritorious students, is home to a Students' Council with a term of one academic session, each. On the 12th of June, 2019, the Students' Council was invested duties for the academic session 2019-20. A very solemn occasion, the ceremony began with the Council members marching to the stage with their flags held high, in sync with mighty, fervent music that replicated the aura of the ceremony. Lead by the top office bearers, one by one, each member marched on the stage to be badged and sashed by the chief guest **Ms Sobha Daniel**. In each mind was instilled a sense of pride and respect for the school.

After a sincere oath-taking ceremony, Council members from the four different houses of San Academy School marched proudly to their strongholds in the corridor, and took their places with their waving flags symbolizing their aspirations for their respective houses - **Akash, Prithvi, Vayu and Agni**.

SPECIAL EVENTS KINDERGARTEN

Nursery

FATHER'S DAY

On 17TH of June the children of nursery had their first special event very special to their hearts "Fathers Day" the day was filled with such beautiful emotions to see fathers and their children playing many activities together. The day ended with ever lasting memories for proud fathers on their child's first event of a life time.

CLOWNS DAY

On 24th of June our little children dressed with gay and fun as little clowns celebrating clowns day, Oh!!! How lovely to see our little clown's cheerfully smile and dance to their hearts content, laughing to each other. With great excitement they all sat together to watch a magic show that was sheer joy beyond words.

BOOGIE WOOGIE DAY

On 8th of July our little wonders of Nursery were taught their first moves to sway their little hips like little rock stars. Our school dance master engaged the children with beat tapping rhythm of music. The boogie woogie

day taught them to appreciate music and dance letting their spirit evolve to musical charm.

SENSE ZONE DAY

The Sense Booth Day emphasizes the importance of sense and their organs: teaching little children the experience that comes through every sense and enjoyment thereafter. Everything related to sense and objects related to it was displayed which was so much well received by them.

PUPPETRY DAY

How much little children enjoy storytelling, but this day the 19th of September was not like any other story telling day. It was a puppetry day by our special guest Mrs Lalitha Prabhakar Retired Head Mistress of Osmotic Energy Central School who enticed our little audience with a wonderful story about a "Little Red Hen". The narration was filled with sound of different animals transmuting them to such a lovely interaction of animals and puppet show roll before their eyes.

SPLASH POOL DAY

The coming of September and the arrival of monsoon rain so dear, we decided not to wait for the monsoons on 16th of September we made our little nursery children splash in water with so many water activities. We taught them how to fish and the different water animals took them to surprise.

ZOO ANIMAL PARTY DAY

This was a different party On 24th of October, our children were dressed in animal costumes of their choices. It was such a treat for all eyes. With every theme the learning becomes a joyful experience. The children were taught to love and understand animals, find the differences between domesticated and wild animals the habitats of animals where do they live and how do they live. The event ended with animal rhymes.

ANIMAL SHELTER DAY

On 21st October kids of Nursery had a special event animal shelter day. Kids were eager to experience the 3D model of the shelter and also they recollected the name of each living place of animals. They were thrilled to play the maze game in which they had to identify the food of a particular animal, go through

the maze to find the animal and feed it. At the end of the event children learnt about the animal habitats.

MARKET SPREE DAY

The 25th of November was a real sight to see our day was filled with great excitement as it was market spree day. All the Nursery children enacted a busy market and some became real vendors selling fruits, vegetables and eatables while some became shoppers teaching them the value of money and the art of buying and selling. An oath was taken to avoid plastic bags and save the environment.

SAN EXPRESS DAY

On 9.12.19 kids of Nursery celebrated the San express day. The motive of celebrating San express day was to know the traffic rules and understand about the signals. Children enjoyed riding the bicycle, car, scooter on the road. The school staff and students of nursery enacted like traffic police to make children understand about the traffic signals in a better way.

FLY A KITE DAY

On 6.1.2020 kids of Nursery celebrated fly a kite day. Kids enjoyed watching the display of the flying objects like parachute and kite. Mimicry on sounds of birds made them to correlate with natural environment. This activity helped children learn about different flying objects.

HEALTH IS WEALTH

On 10.2.2020 kids of Nursery celebrated Health is wealth day. Kids enjoyed performing simple child friendly exercise under expert yoga instructor Mr. Essaki Raj (Yoga Master) He told the benefits of daily routine like having healthy breakfast and doing warm up exercise. All the children showed keen interest to learn few warm up exercises. Mr. Essaki was amazed to see the enthusiastic children as they name all the vegetables and fruits.

SAN CHEF DAY

On 17.2.2020 kids of Nursery celebrated the San chef day. The event kick started with discussion on general health and hygiene tips. All the kids were dressed up as chefs. It was inspiring to watch the little kids keenly observing the fireless cooking vegetable

salad, fruit salad, Juice sandwich etc. They also tried their skill in preparing few salad making activity. Further more they enjoyed the learning process to bake a cake. The children relished the salad they prepared as their snack. Finally they understood the need of healthy fruits and vegetables which will reduce the chances of diseases.

Jr.KG

COLOUR PARTY DAY

On the 15th of April the JR KG had a special celebration with colours. The day was filled with playing activities based on colour. The colour party became a fun filled activity as little children enjoyed the colouring activities with greater enthusiasm. The day was so much of fun and learning together.

SCHOOL TOUR DAY

The Jr. KG started their first educative tour in their own campus which showcased all the infrastructure in their school and the important places. The role of every department which all put together make their own school was explained to them.

FAMILY TREE DAY

The importance of family and members of the family tree was educated on the family tree day, Celebrating this day shows the importance of family in their lives. Thus the special bonding that makes a family tree so significant. The purpose of such a event helps young children develop love and respect to its extended family members.

POST MAN DAY

The post man may be a forgotten affair but we developed the magic of post man and posting by making our JR KG. The children designed to make their own post card by using vegetable print. A mono act was given to make the children understand the work of a post man and how the post man plays important role in our daily lives.

MILK THE COW DAY

To touch and feel makes learning better On the 17th of September Milk the Cow Day was organized, Children were taught how to milk a cow, how a little calf looks like and to touch a little calf. They were taught about

the products we get from milk. Learning what is experienced leaves a mark on young minds.

LET'S GO FISHING

The 22nd of October was let's go fishing day. This day was so wonderfully organized that children were taught how to fish, how to row the boat, what are the water transport and how they are different from the other means of transport. Water sport activity made children play and focus as well as learn the importance of water.

WATER WORLD DAY

On 29th October the Water World Day was organized with great enthusiasm the theme of the month being marine mania hence all learning related to marine world was taught; one such important theme of study was water pollution and its impact on the marine world.

THE MAGICAL SEASONS

The magical season special event was organized on 10th January, 2020. The children were shown a practical demonstration of the things used in different seasons. The kids enjoyed the fun activities organized for various seasons like making sand castle and playing with beach set in summer, ice cubes in winter, sticking the dried leaves to tree & its trunk for autumn, playing with paper boats in rainy season and hunting for artificial insects in the heap of flowers.

BUSY BEE DAY

Busy bee day was conducted on 11.2.2020 based on the theme of the month "Creepy crawly creatures". All the participants were buzzing like bees on the day happily dressed up as bees. The children enjoyed their experience of enacting as honey bee - collecting honey to storing the honey in the bee hive. Few other games were conducted related to the theme. Children learned and understood the amazing hard work of honey bees.

THE HUNGRY CATERPILLAR

The hungry caterpillar day was celebrated on 18th of February 2020. The children loved enacting the hungry caterpillar story. In a fun filled way the little ones learnt about the different stages of a butterfly's growth like the egg, caterpillar, pupa inside the cocoon and butterfly. The children even came to know about the food habits of the caterpillar.

Sr.KG

CLEANLINESS DRIVE AROUND THE CAMPUS

On 10th of April children of Sr.KG participated cleanliness drive around the school campus. The event began with children participating in a puppet show emphasizing on personal hygiene. More to come was the need for waste management and how to segregate waste into reusable's. The day had a special guest from WOW and NGO who spoke about the importance of plants and trees motivating children to plant a seedling every birthday.

BEST OUT OF WASTE

The 19th of June we had our SR KG students celebrated Best Out of Waste. Children were enlightened and taught how to take the best out of every waste to convert each and everything into something that is notable decorative and useful. This day we saw them working in coordination with their eyes, hands and brain applying cognitive skills. The event ended with a fashion walk exhibiting all the crafts made by SR KG students out of waste materials.

INTERNATIONAL YOGA DAY

On 21st June International Yoga Day was celebrated by our students and teachers of SR KG. Yoga was demonstrated by the teachers to the students followed by a speech on the significance and the benefits of yoga. Principal Mrs Padma Priya presided the event enlightening the importance of yoga. It was a delight to watch children show great enthusiasm in learning yoga.

SENSE BOOTH DAY

On 10TH OF July awakened SR KG's to the senses of the art of touch, to hear, to see and to feel. It was an opportunity to explore and to relate to things that was displayed in relativity of the theme. This hands on experience, learning and sharing the experience goes a long way in young people's lives.

TRADITIONAL SPORTS DAY

On 18th of September, the spirit of sports and the love for traditional games made children become familiar with their own native games. We saw children play with greater excitement.

They played they explored and loved every game that was arranged for them Kabbadi and tug of war was really an unforgettable experience for both children and teachers.

ANIMAL NEEDS DAY

The love and respect for animals had to be taught while young on 18th of October Animal Needs day students of SR KG enjoyed watching all animals and their products. This connectivity between what is taught and learnt coupled with live experience helps them evolve as better learners.

SAVE ANIMAL DAY

Save animal day was celebrated on the 23rd of October emphasizing the importance of animals and how most of them are endangered and in the verge of extinct. Through awareness speech by students of each section children learnt the importance of protecting endangered species.

MARINE WORLD SHOW

Marine world show day was held on the 29th of November. The students of Sr.KG dressed up on this day in their favorite marine life creatures. Some came as reptiles amphibians and aquatic animals, the day was filled with happiness singing rhymes and playing with fun filled activities.

HELLO SPRING

On 9.1.2020 Sr.KG celebrated "Hello spring" day. As expected it was really a grand event. Kids and their parents co-operated and dressed up their child in festival costumes to represent the spring festivals. Children presented a colourful dance. They also learnt about the festivals celebrated in spring season.

INTERNATIONAL LANGUAGE DAY

On 21st February Sr.KG celebrated International language day. On this day children understood how language helps us to communicate and express their feeling with

each other through the mime act performed by teachers. They also understood the purpose of celebrating International language day throughout the world. They were told about how many languages are still active all around the world. Children of Sr.KG A & B took active participation in singing action rhymes in different languages.

Finally KG teachers interacted with the children in their Mother tongue. Through this activity children got opportunity to explore and understand different dialect in different languages. Overall the event was to promote linguistic and cultural diversity. It also encouraged children to maintain their knowledge of their mother language and also developed curiosity in using more than one language.

NATIONAL SCIENCE DAY

On 28th February 2020 Sr.KG celebrated national science day in the remembrance of sir "C.V Raman". The program started with monthly theme activity show & tell. Children performed confidently and were able to speak effectively on the given topic and teacher's performed simple science experiment which created curiosity and motivated the children to ask questions why, what & how it happens. Overall children understood the purpose of celebrating "National science day"

GRADUATION DAY SR.KG

San Academy Velachery celebrated kindergarten Graduation day on Saturday 14th of march 2020. Tiny tots of Sr.Kg dressed up in their graduation coats and hats confidently walked on the Dias to receive their certificated and awards.

The chief guest Mrs. Lalitha Dinesh complemented the graduates on their achievements, also congratulated the teachers for their dedication and hard work in shaping the students through educations and other activities.

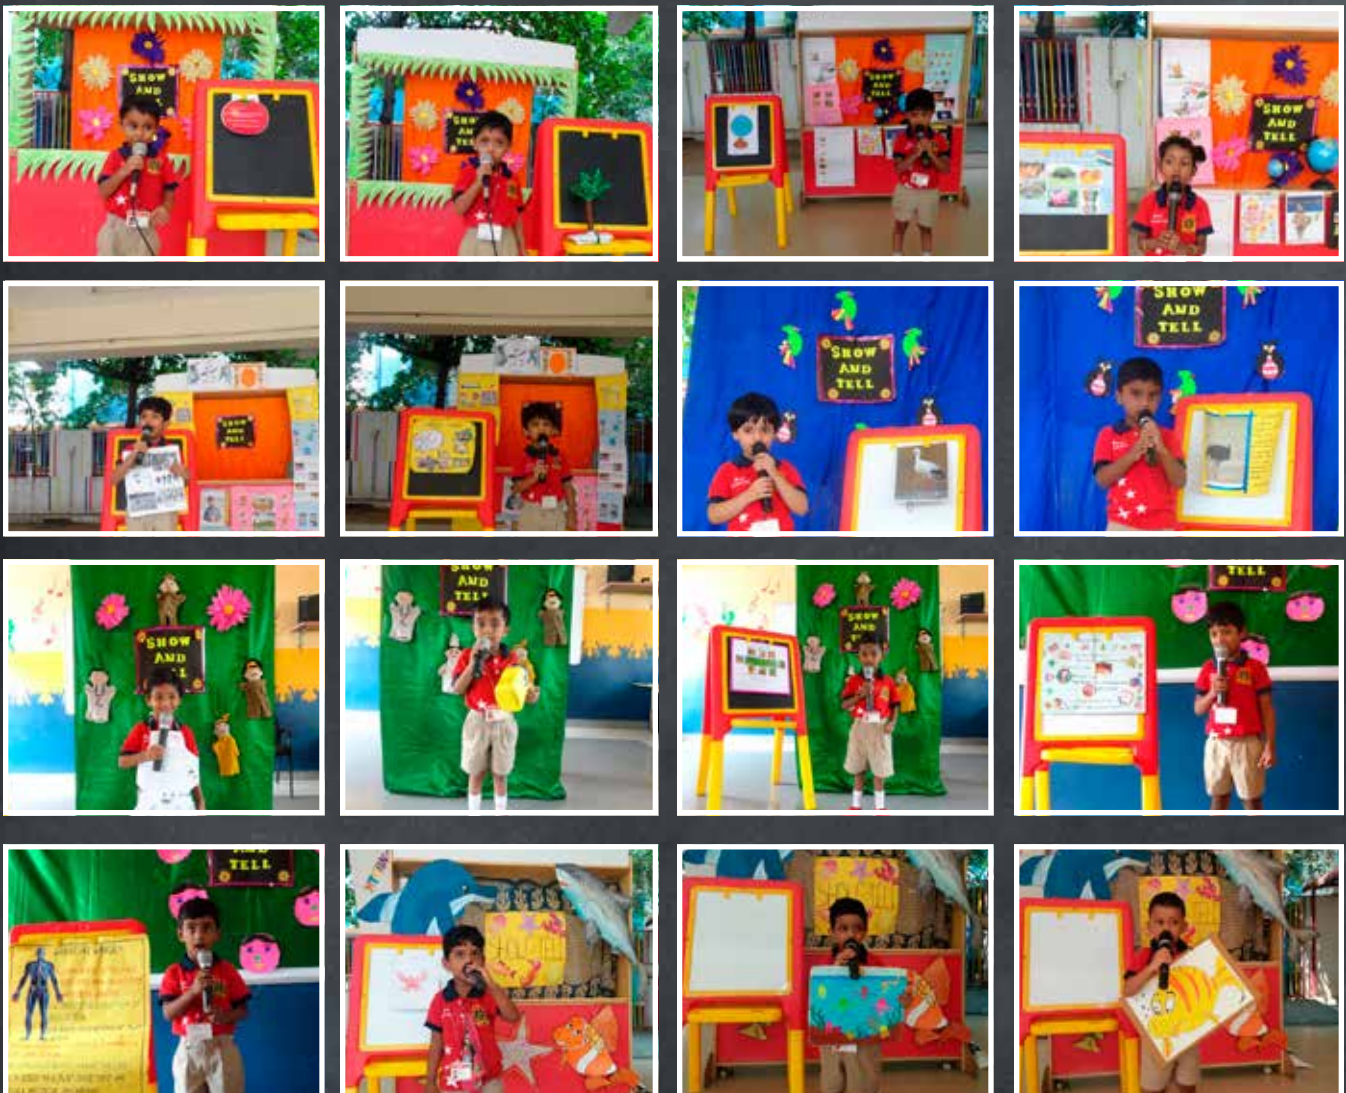

SHOW AND TELL

For Kindergarteners of San Academy, Show and Tell is a time to share some of their favorite toys, photos, and hobbies with teachers and friends. It is also a time to develop important communication and social skills.

In Kindergarten, the student must learn to speak clearly, guide a listener to understand important ideas, describe people, places, things and locations, increase vocabulary, speak in complete sentences, follow and create a sequence, and paraphrase what they have heard.

These early language experiences help to build effective communication and listening skills that are essential for a young child's learning. It also encourages emotional development in a child, as he or she shares their interests and joy with peers. In addition, this socially rewarding experience helps to solidify important home-school connections, particularly when Show and Tell is aligned with the curriculum.

Through this activity, the school provides opportunities for our Preschool students to develop these key skills in the context of the curriculum themes being studied. During this monthly structured program, where students are encouraged to share items from home that align with the month's curriculum theme, the children are encouraged to use descriptive words and complete sentences. Questions like, "Why is this object special to you?" "How does this work?" or "Where did you get this object?" Help the children to strengthen their language and communication skills.

GENERAL CLASSES

Peer learning is an important aspect in development of a child. Children learn a great deal by explaining their ideas to others and by participating in activities in which they can learn from their peers. They develop skills in organizing and planning learning activities. In San Academy, the general classes are conducted at the end of every month. This helps the little ones to perform in a team there by developing their communication and socializing skills. Children also learn to share and wait for their turn. The activities planned for general classes also helps the teacher to reinforce the concepts and theme taught in the month.

An elaborate planning and executing the fun filled activities is always anticipated by the little ones of Jr and Sr KG.

INTRA AND INTER COMPETITIONS

Achievements through competitions can leave great imprints on the young minds. Competitions provide proof of their outstanding skills and which distinguishes them from other classmates.

Competitions provide a great platform to display the knowledge and skills the children have amassed over the months. Competitions can prove to be a great source of self-evaluation for students and help nurture their experience and skills further.

Children of Nursery, Jr KG and Sr KG participated in colouring competition during the first term of the academic year. The little artists used various shades of colours to fill their picture. The efforts of the children were highly appreciated by the judges. The winners were awarded with certificates and medals.

The children of Nursery participated in Rhymes recitation competition, children of Jr KG did clay modelling and Sr KG participated in Tangram competition in the second term of their academic year.

The children of nursery displayed their skill and creativity in the clay modelling competition on the theme "Food", which was conducted in the third term. The Jr KG fancy dress competitors looked colourful and filled with vigour while performing on stage. Children of Sr KG showed their spelling skills in the word whiz competition.

The children also were given opportunity to participate in various inter school competitions such as Sishu Utsav at Kumara Rani's Chettinad Vidyalaya, Mahatma Gandhi Youth festival, Young explorer's fest – KG carnival, Krish singer, Spark 2019 organized by Shikshaa Public school and Excalibur 2019 KG Inter school competition at GTA Vidhya Mandhir.

San Academy students secured many awards and brought glory and fame to school.

Medical Camp

SCHOOL HEALTH PROGRAMME

Medical checkup is done for all the classes (Nursery - class V) twice a year. Medical inspection was done to all students by Bindusha Health Clinic and reports will be sent to the parents at the end of the year.

Celebrations...

Tamil New Year

Tamil new year which usually falls on April 14th is an occasion that calls for celebration. This is the day when Lord Brahma started creation. People exchange greetings of "PuthanduVazhthukal" with great fervor on this day.

Tamil new year day begins with viewing the "Kanni" at dawn, out of expectation that by looking at auspicious things will bring good luck all through the year. It is followed by peoples taking bath and then visiting the temple.

In order to inculcate this traditional values in children we celebrated tamil new year on 12th April. Preparation for celebration started the previous day evening by decorating the stage and notice board. On 12th morning few teachers and support staff decorated the entrance with "kolam". Things required for pooja is made ready along with "MaangaiPachadi", the highlight of the tamil new year, as it tastes sweet, sour and spicy.

Raghav and Lekha of class V hosted the celebration. It started with introduction speech by Sai Varshini of Sr.Kg. Children of Sr.Kg. grabbed the attention of audience with their magical voice for tamil song.

Arvindhakshan, Dhiya Sri, Thamizh and Abinaya of class V explained about "ChithiraiThiruvzha" and rituals followed on the day. This was followed by tamil group song by class I children.

Our little tots of Jr.Kg were traditionally dressed to perform a tamil group song. The pride of tamilians Thirukural was recited by Lohith Abhinav of Sr.Kg. Children of class III came up with a dance performance for tamil song, followed by tamil group song by class II. The celebration ended with a grand and jaw dropping performance by our class IV children for a tamil folk song.

Ramzan

Ramzan is a time of spiritual reflection, improvement and increased devotion and worship. In order to inculcate the knowledge of religious practices associated with this festival we at SAN Academy celebrated Ramzan on 7th June in our School Campus.

Rehan of class IV B spoke about importance of Ramzan and their duties and rights to be performed during the month of Ramzan.

Mariam of class IV B performed the namaz the foremost duty of every Muslim. During Ramzan special prayers are offered to the divine almighty for the peace and prosperity of the world and the people who dwell with it.

رمضان كريم

World Music Day

The World Music Day was celebrated on 21st June at our Velachery campus. This day brought in immense delight and joy to the minds of children as they rendered numerous performances much to the elation of all present. Teachers too joined in the festivities as they sang many heart-warming numbers and added more fervor to the occasion.

GRANDPARENTS DAY

As a part of Class I English learning activity on the theme “My Family” grandparents day celebration was organized. The grandparents of class I children were invited to have gala time and share their family and life experiences among students. The celebration started with a welcome dance and grandparents song followed by various cultural programs . Many traditional games and fun games were conducted for grandparents which brought them back to their young age. And they had complete gala time with their grandchildren. Then, the grandparents were asked to share their experiences in joint and nuclear family and their views on today’s lifestyle. They were presented with the take home exclusively made for their grandparents by students. It was a complete learning progress for the children about family.

International Yoga Day

Yoga is an invaluable gift of India's ancient tradition. It embodies unity of mind and body.

International Yoga Day was celebrated by our students and teachers amidst much pomp and gaiety at our Velachery campus. Students observed this day with great enthusiasm and fervor. Students of class IV & V demonstrated various asanas followed by speeches on their significance and benefits. The occasion was presided over by Mrs. Chidambara Lakshmi who is a renowned Yoga enthusiast and music teacher. She reckoned many benefits of early rising and practicing yoga.

Library Day

The fifth year library day was celebrated on 9th August 2019 and the occasion was graced by Mrs. Geetha Raghuraman, KG Head Coordinator of San Academy, Kamakoti nagar branch. Students conveyed the importance of reading through speech, and they sang a song in various languages. The Chief Guest conveyed the importance of reading books and reading habits.

Independence Day

We celebrated "Independence Day" with patriotic fervor on Aug 15th 2019. We appreciate the sincere participation of students and parents early that morning. The celebration started with guard of honor by scouts and guides which was followed by flag hoisting. The air was filled with patriotism when the National Anthem was played. Followed by March past of scouts and guides. Group of primary teachers sung "Ai Mere Vatan" which made us to sink in patriotism. Students of Class III, IV and V delivered a speech on independence day. A depiction of Jallianwala Bagh Massacre as miming show by Class IV and V students. This was followed by speech of Chief Guest and Vote of Thanks by our Principal Mam.

Ganesh Chaturthi

Ganesh Chaturthi is celebrated as the birthday of Lord Ganesha, the son of Lord Shiva and Goddess Parvathi. Devotees believe that Lord Ganesha as the symbol of wisdom bestows his presence on earth during this festival and removes all their obstacles.

We celebrated Ganesh Chaturthi at our SAN Academy Velachery Campus on Aug 30th 2019. Children were dressed up traditionally. Speech and slogan recitation were performed by students. The important instances of Lord Ganesha's life was portrayed in various skits by students.

Krishna Jayanthi

Krishna Jayanthi is annual Hindu festival that celebrates the birth of Lord Krishna. We celebrated Krishna Jayanthi at our school SAN Academy, Velachery campus. We were able to sense the presence of Lord Krishna through various programs organized on 22/8/2019.

The celebration started with greeting Little Krishna song, then the idol of Krishna was placed in the cradle. We had Bhajan and dance performance by children to celebrate the joy of Krishna birth. The Kuchipudi dance by Haritha was marvelous as she mimed the drama through the expressions of her eyes and hand. Akshay and Ananya of Jr. Kg. gave a speech on Krishna Jayanthi. The celebration ended with a wonderful dance performance by our primary parents.

Madras Week

(August 18-25, 2019)

Madras Week is not just about celebrating a colonial past as many have unfortunately depicted it. It is all about cherishing what is good in our city and making it known to everyone. Are any of the achievements listed from our colonial times? Hardly. All of them are peaks that we have scaled as an independent people. Is it not necessary to take some time off and look back at what we have attained?

We at San joined together in celebrating the feeling of residing in such an illustrious city that we hold so close to our heart and souls. Speeches highlighting the iconic landmarks of Chennai, traditional instruments of music, Dances featuring the folk artform – Paraiattam, Martial arts – Silambattam and a flash mob dance to a foot-tapping album by our kids kept the audience glued to their seats. Stalls that were put up in the campus serving delectable local gastronomic delights proved to be huge crowd-pullers.

Onam

Onam was celebrated on Monday, 9th of September 2019. The children got a brief idea of the pookolam, attire, food, festivals, sports and famous personalities belonging to the neighbouring state Kerala. It was indeed great to see the kids watching the program happily. The celebration came to an end with the teacher's dance.

Navarathri

Navarathri is one of the most important festivals, celebrated to worship the goddess Durga. It is essentially a nine day festival where nine different forms of Devidurga are worshipped. The making of dolls of kolu for display on wooden steps marks the celebration at Tamil Nadu, a bit different from rest of India. Further more as the evening dawns, relative pay a visit to each other's home and exchange gifts where they enjoy the devotional melodies and some Chundal and Sweets.

In order to inculcate this rituals of Navarathri, we celebrated the festival with Kolu and Devotional songs by teachers. Teachers also gave speech about navarathri celebration and importance. We finally ended the celebration with pooja and offering prashad to children.

The festival of lights is celebrated with much enthusiasm as the defeat of Narakasura. Lighting the dark corners of our life and filling it with happiness is Diwali. Rituals we follow for this festival are oil bath in the early morning Pooja with sweets and savories made. New clothes and crackers are kept along with the other important things for pooja.

In order to enlighten our children with the knowledge of the ritual on this day, we celebrated Diwali at SAN Academy, Velachery Campus. Speech about the festival and skit depicted Diwali celebration. Children enjoyed dance performance by primary students and finally ended with bursting crackers.

Founder's Day

Founder's day was celebrated solemnly on 9th Oct 2019 at San Academy, Velachery. In the assembly Principal Mam enlightened the gathering about the significance of the day. Class III A did a special assembly on that day. They enacted a skit - "A day at San". It depicted a day's curriculum along with the extra-curricular activities conducted at San Academy.

Our school founder Mr. Raja Shankar sir came over to San Academy, Velachery ,wished and honoured Principal Mam. He also appreciated the team behind the successful completion of the 11th year.

Children's Day was celebrated with full fervor at SAN Academy Velachery on 14th November. This best day of children was celebrated on the birth anniversary of Pandit Jawaharlal Nehru, the first prime minister of India.

Children's day is celebrated as a tribute to Pandit Jawaharlal Nehru because of his endless love and affection towards children. With the same love and affection we organized programs which would bring joy to our children and we made them feel special on this day allowing them to come in color dress. Children enjoyed funny dance, group song and group dance by teachers. Finally the celebration ended with "Cool Hand Beat" taught by a group of teachers for the song "Damma Damma"

PROJECT DAY

The theme for the project day for this year was "A true story of Eureka - Discoveries and Inventions".

The chief guest for the day was Mr. Arun Subramanian a young entrepreneur and automobile engineer from MIT. The whole school exhibited the discoveries and inventions of human race across countries and over ages. As much as we relish the discoveries made by profound people it is also important to trace back to its roots, where they originated in the first place. They served the key purpose of advancement in technology and also has contributed to our day to day needs. Project day provided the platform for learning through experience and acquire knowledge ecstatically through creative means.

Christmas

Christmas, the festival of joy is celebrated to remember the birth of Jesus Christ, the son of God. Christmas celebration starts with midnight mass followed by a carol service. On this day people share gifts as a remembrance of the gift of Jesus, beginning his earthly life. We celebrated Christmas at San Academy, Velachery by welcoming baby Jesus with song, carol singing, solo song by teachers and dance by students.

Pongal also known as Thai pongal is a multi-day harvest festival of Tamilnadu. Pongal, which means “ to boil, over flow” and refers to the traditional dish prepared from the new harvest of rice boiled in milk. Thai Pongal is celebrated to convey appreciation to the sun god for a successful harvest. Mattu pongal is the celebration of cattle, particularly bulls that play a vital role by working hard to help the farmers to raise crops on their fields. Kaanum pongal, the end of pongal festival is celebrated with reunion of families and brothers giving gifts to their married sister as affirmation of their filial love. We celebrated pongal at San Academy, Velachery with full joy. Students had enlightened knowledge about pongal through various programs such as pooja, speech and dance.

PONGAL

Republic Day

Republic day, a national festival is celebrated to remember the day when India's constitution came into force on January 26, 1950. This year will mark the 71st Republic day of India. On this day, ceremonious parades takes place at the Raj path, which is performed as a tribute to India. In our school, San Academy, Velachery primary students performed a inexplicable parade and honored our national flag. This year our senior staff Ms. Shobana hoisted the flag and we had various cultural programs depicting our rich and varied cultural.

Western Music

Theater Club

WOW PROJECT

Annual Day 2019-20

The annual day was celebrated on November 10th 2019 with great elation and gusto.

The kindergarten program commenced with the auspicious lighting of the ceremonial lamp by the distinguished guest Mrs. Arundhati Swamy, student counsellor and editor Parent circle. The kids presented a variety of cultural programs on the theme Prop Euphoria and the primary classes presented the cultural show on the title Fashion Footprint and the guest of the show being actor Harish Kalyan. The annual report projected the progress of the school of the academic year. Young achievers was felicitated with their proficiency awards and faculty with service awards by our managing director Mrs Archana Anand. Ceremonial existence of music and dance was an incredible visual treat. The grandeur of the finale left the audience enthralled.

ANNUAL SPORTS DAY REPORT (2019-2020)

Magically Marine

The much awaited 11th Annual Sports Day was held on Sunday 4th August 2019, with great zeal, excitement and frolicsome atmosphere.

The chief guest, Shri. Dhandapani, Scientist, Zoological Survey of India, Ministry of Environment and Forests took the salute of the impressive March Past of the students, coupled with some stirring marching music by the band. Followed by it was the special march past consisting of Indian armed forces i.e. the army, navy and air force as a tribute to those valiant forces that secure and defend our borders.

Then came the march past of students who brought forth all awe and marvel an armada of floats depicting an array of objects that symbolify "Save the Seas" theme objects.

The students then entered into the spirit of the occasion in a grand way with the oath being administered by the Sports captain.

The tradition of lighting an Olympic Flame was performed. The flame represents the "endeavor for protection and struggle for victory. The flame symbolizes "the light of spirit, knowledge, and life."

Then the winners of the march past for Vayu house was announced by the Chief Guest.

Golden Arrow award - an award conferred for excellence & proficiency displayed by eleven cubs & bulbul.

An energizing equestrian display set the tone for the rest of the event. The students displayed a Karate display mesmerizing the audience with their energetic performances.

Students from Class III, IV & V exhibited their Silambam skills & expertise before the audience.

Various drills were performed by class II, III, IV and V on the themes like The Umbra Extravaganza, The Spectra Fiesta, Rainbow drill and The voice of the sea gave a spectacular feast to the audience.

Students of classes 2 to 5 competed in events and games to suit special games theme namely "Beach games". Fun time with Parents event added to the enjoyment.

The overall champion trophy was awarded to the Aakash house.

FIELD TRIPS

There are many ways to educate a child. School field trip is one such effective educational activity for students that helps facilitate fast and efficient learning.

Advantages of having a school trip are many. Such trips provide every student the real world experiences. Whether the trip is to a park, a supermarket, a library or a museum, with each experience students are able to create a connection between what is happening at school and in real world.

School field trips are more about enjoyment, excitement and fun. It awakens student's interest to learn and get new information. Children open their eyes to new environments and new cultures.

San Academy Velachery branch had the children of Nursery visiting a children's toy play mart, a posh park in the locality and visiting a pet shop where they enjoyed feeding a rabbit, feeling a slithering snake and listening to the flutter of a macaw.

Children of Jr KG went for a veggie view to a supermarket, visited Guindy children's park and learnt about the plants and creepy crawlies by visiting an organic garden.

Children of Sr KG were taken to Anna centenary library, Guindy snake park and Birla planetarium.

Kala Utsav 2019

In San academy, as we seek to provide holistic education to our children we have always emphasized the need to discover the innate talents of our children and encouraged them to establish their skills. As a part of our efforts to well-rounded education, this year we decided to come up with an interschool competition with the title “Kala Utsav” which has hitherto confined to just our institution in the name of “Margali Utsav” in a bid to disseminate the importance of extra-curricular activities across various schools. As one of the members in the committee we were pleasantly surprised by the active participation of children from various schools in the events that were conducted in three broad categories namely art, music and dance. It was a delightful experience to witness the competitiveness, the winning spirit, the resilience of unsuccessful participants, the motivation, the encouragement in the young minds of our children. It was a great experience to be part of Kala Utsav that helped many number of students to unleash the talents within them. We feel pleasure to have more and more extravagance in future to introduce many more great talents to the world.

WORKSHOPS

PARENTAL WORKSHOP: RESPONSIBLE PARENTING

Our School has conducted Parental Workshop by Ms. Nandini Raman on the topic Responsible Parenting on Saturday, 19th Oct 2019. Attended by the parents from Nursery to Class V.

The Resource person started her session by asking the audience about their expectations and needs they have towards attending the workshop.

1. How each child is unique and how each child has an inborn talent was narrated through poem.
2. The emotional wellbeing of the mother plays a greater role in child's life. The acceptance and affection need of the children and how to set healthy boundaries was explained with examples. The child models the adult behaviour and restriction of screen time applies to parent was strongly emphasized.
3. The developmental stages of the child and the age appropriate task to be given to the child was stated with examples.
4. Parenting style questionnaire was read out and the parents scored their marks based on their parenting styles. Resource person explained about Democratic, Authoritative and Permissive Parenting and better parenting style was discussed and reinforced.
5. Slides containing ideas and tips on topics like Healthy bonding, Guided behaviour, Co-operative effort of both the parents, Rewards and Punishments, Responsibilities and importance of self-respect was explained in the workshop.

Feedback form was collected from parents at the end of the session. Parents felt the workshop was very beneficial and they wanted more such workshops in coming years which will be helpful to become a responsible parent.

WORKSHOP ATTENDED BY SAN ACADEMY VELACHERY TEACHERS:

In keeping with the schools policy of continuous up gradation of knowledge & skills, our teachers attended several workshops in the academic year 2019. The details of the few workshops conducted are as given below:

Work Life Balance

This workshop was conducted by Ms. Shymala Ramesh Babu from Oxford Press in Pallikaranai campus on September 14th 2019. This workshop was organized by Oxford publication. It was both interactive and informative workshop which taught working women to lead a stress free life. She introduced the teachers a new word called "Wabi - Sabi" which means acceptance of transience and imperfection. The aesthetic is sometimes described as one of beauty. That is imperfect, impermanent and incomplete. As teachers we should not be strict and expect perfectness in everything from students or from co-teacher. All the students are not alike and all the students will not have the same capacity. The teacher has to accept the quality and characteristics of the student and try to appreciate that instead of scolding the child. The teachers in the workshop were formed into groups and were allowed to choose materials and exhibit the talents out of it. For example one group did Mehandi design, one group decorated a doll, the other did paper bags out of paper etc. Each group work was unique. Each group were also told

to show talents in singing, dancing and skit. Everyone enjoyed performing and the session was so interesting that no one know how the whole day went. On the whole the workshop was very interesting and spell bound. Thanks for the management for arranging such a wonderful workshop which helped the teachers to understand how to enjoy life by balancing the life with work.

Developing Reading Skills

This workshop on Developing Reading Skills was conducted by Mr. Neslyn Johnson from Ebek Renaissance, attended by English teachers Mrs. Durga and Mrs. Vijayashanthi.

The workshop highlighted the enhancement of the reading, writing, speaking and listening skills. A group activity was conducted to show the importance of recalling and recollecting of information. Another group activity helped us to extract the essence of a passage within a shorter period.

Being assertive in professional and personal life

This workshop on Being assertive in professional and personal life was conducted by Mrs. Nandhini Ramam on 23/11/2019 in Velachery campus.

It was an enthusiastic and motivating session. The teachers were engaged, deeply involved throughout the workshop. The workshop was very interesting and gave the teachers a better understanding in balancing

professional and personal life. We thoroughly enjoyed the workshop at the time when the resource person conducted games, refreshed from the stress pressurising me. We all participated actively felt at peace and yet rejuvenated and reconnected.

21st century teaching skills

Workshop for teachers was conducted on 16th November 2019 in SAN Academy, Velachery premises. The workshop was about "21st century teaching skills". The session was conducted by Mr. Sreekumar of NIE Hindu.

The session was initiated with a 10 secs simulation. The teachers were instructed to draw a tree. The output depicted the mental model created in one's mind. This activity proved that we reproduce what we perceive. The various skills of a teacher was discussed and segregated as IQ and EQ. The EQ was more than IQ which proved that the 21st century teaching requires more of EQ than IQ. So, the need of the hour is to enhance EQ.

EDUTECH – LEADERSHIP CONCLAVE

Workshop for principal was conducted on 29th Nov 2019, conducted by Datalogics and Apple Solutions based on the theme - Usage of technology in class room effectively and the resource persons are Dr. Malathy, Mr. Abdul Chohan.

The conclave had an introductory talk on Impact of Technology on children on their early years of Education addressed by Dr. Malathy. She presented a talk on how important is an emotional bond to build with the child through natural experiences in the real time exposure than simulations and you tube videos. Till the age of 7yrs the brain of the child accumulated maximum basic values and culture. Parents and teaching organization should have a striking

balance between the experiential real learning and with technology.

The second speaker Mr. Abdul Chohan give a wonderful presentation on how technology could minimize our time, cost efficiency and also how smartly work force could be managed.

When technology would be integrated we can have more productivity and also skill up gradation can happen.

He also quoted the various areas of jobs which in future area in high profile and demand based on technology and also others outdated human force based might decline.

He also said how 'Belief' – on How to make things work with technology

could be enabled by 'Simple and Reliable' technologies and mechanism.

How ipads and smart apps could enable children to recollect short term memory and how paperless exams and home work could be made possible and also how reviews and feedback can be instant with teachers.

The net working with students, teachers and parents could be made very easy. He also briefed in 'Jig space', 'screen time' and how 'Apple system are efficient in education sectors. Also talked up ipad interactive books and apps that would help teachers and students.

SCIENCE WISSEN

Science Wissen Foundation conducted a STEM Camp in our school premises on 19, 20 & 21st August 2019 by the Resource Person Prajjwal Reddy. It was a three day workshop in which the students of classes 4 and 5

participated. The students learnt a few concept about Basics of Electricity, Biomimicry, Making of remote control car and few others. The students were given kits where they had hands on experience and the concepts were

well understood. Students were able to focus on the fundamental concepts and they had hands on experience in making real time models.

CHEVY LOGO

Chevrolet's logo is shaped like a cross, with two thick stripes placed one on top of another. It can also be said to look like a 'Plus sign' which means buying a Chevrolet will add to our life in a good way. It is shiny yellow and painted with gold outlined is very attractive and helps us to easily remember the company's name whenever we look at it. These colours make me feel happy and energizing whenever I see them on a Chevrolet passing by me on the road. It also makes me think that Chevrolet's cars are strong and riding in is all safe.

– By, Adhiraj Saha – IV A

MOUNTAIN MYTHS

People in ancient times didn't know about plate tectonics, so they shared stories with each other to explain how mountains formed.

- 1. Holy Battle:** According to a Klamath Indian Legend, the Cascade Range of the Pacific Northwest was the below world and God's of the after world.
- 2. Lying Around:** A Tibetan Myth says that the Himalayas were formed when an evil Princess stretched out in ground and died.
- 3. Boning Up:** The Vikings believed that a race of frost giants, led by Ymir, created the Universe. Ymir was later defeated and killed by his descendants, who used his body to create heaven and Earth. Ymir's bones turned into the trees, his teeth were turned into rocks, and the clouds are formed out of his brain.
- 4. Egg – Streme Beginnings:** Pan –gu was a Chinese giant who came out of a cosmic egg. He grew for thousands of years until he burst apart. Pieces of his heads became China's scared mountains.

SAN ACADEMY SCHOOL

I love my school. I am proud of my school since I have got nice Managing Director, Principal, good teachers and faculties who give good knowledge to students. Even we have good care takers in our school who are kind and affectionate with students. We have extracurricular activities to keep our body fit and mind active. Some extracurricular activities are Silambam, Karate, Aerobics, Western, Classical, Ballet and P.T. Since teachers are giving us fruitful knowledge I am able to study nicely and score marks well. I should thank my parents to make me join in a nice school San Academy [keep reaching for the stars].

– By, S.Nikhil, IIC.

STORY OF THE PRINCESS

Once upon a time there lived a Princess in a big castle. There was a big forest near the castle. The forest had lots of wild animals. One day the Princess was playing with friends near the forest. A big lion came running towards the Princess. The Princess cried and called her daddy, the king. The king came on a horse and killed the lion with his sword. The Princess hugged her daddy.

Moral: You will always be protected by your parents.

– By, Mydhili S. Varma, II A

ME THE DORA

I was brought up watching lot of cartoons as a kid and my favorite was “Dora.” I always wanted to be like her. So last summer me and my mom went to explore the beauty of “Himalaya.” It is called “Char Dham” Char means - four in Hindi and Dham means – Pilgrims place. My journey started by Yamunathri. As the name says, the divine Yamuna river flows. The water was very very cold. I got tempted and drank lots of it. But I did not fall sick. My adventure continued to Gangotri. I explored this place by taking bath in the cold Ganga. We consider Ganga as Goddess so the God did not bring any harm to me.

The third Dham was Kadarnath. I wanted to explore this place in helicopter but I went by palanquin. Helicopter will take in 6 minutes but I want to enjoy more so went by palanquin. Other options like horse or by walk. Here Lord Shiva’s stone is worshiped, by humans for 6 months and by God’s 6 months. My hands were freezed and I wouldn’t move that all.

The fourth and the last Dham was Badrinath. This was the coolest place I have ever visited. The temple was beautifully decorated. Here Lord Vishnu was worshipped. During my trip I saw fluffy dogs, beautiful flower and the ranges of mountains filled with snow. My dream of becoming Dora was fulfilled.

– By, Srijapa Patro, IIIA

RIDDLES

- 1) What begins with the letter ‘t’ is full of ‘t’ and finishes with ‘t’?
- 2) Can you guess what is at the end of the rainbow?
- 3) What would weigh more, one pound cotton or one pound iron?
- 4) What starts and ends with the letter ‘E’, but has only one letter?
- 5) Why can’t a man living in New York be buried in Chicago?
- 6) What needs to be broken before you use it?
- 7) Where will you find Friday before Thursday?
- 8) What has a neck but no head?
- 9) What is used by others frequently, but belongs to you?
- 10) Can you guess the way to double your money?

ANSWERS:

- | | |
|--|------------------------------------|
| 1) A teapot with tea in it. | 6) An Egg. |
| 2) The Letter ‘W’. | 7) In a dictionary. |
| 3) Neither weighs more or less, as they weigh the same, one pound! | 8) A bottle. |
| 4) An envelope. | 9) Your name. |
| 5) Because he is alive and he did not go to Chicago. | 10) Place it in front of a mirror. |

THANK YOU TEACHER

I want to thank you
 Not just for being a teacher
 But for being
 A caring second mother

I want to thank you
 Not just for being a teacher
 But for being
 A guide and a mentor

I want to thank you
 Not just for being a teacher
 But for motivating me
 And melting away my doubts
 Thank you very much Teacher....

– By, Hashini, IIC

MY SCHOOL POEM

I remember when I was new,
 to this amazing school.
 I was not so cool,
 I didn't have a clue.

I did not know why,
 But I was about to cry.
 It has been 6 years now,
 and this has become the place that I love.

It had taught me lots,
 like building Robots.
 It is the best in studies,
 and I have lots of buddies.

I have been taught to take things light,
 see things far,
 from my eyesight.

I feel proud,
 To tell the crowd,
 that this is all because,
 of our Principal mam and our teacher's efforts.

They all work hard,
 Day and Night,
 for leading us,
 to the path that's right.

I take a bow,
 and make a vow,
 to be a student,
 who is prudent.

With hard work and perseverance,
 let us achieve greater heights,
 and make SAN shine so bright.

– By, Sona.S, III D.

WHY IS SEAWATER SALTY?

When water falls as rain, it mixes with carbondioxide, sulpher – dioxide and nitrogen – oxide and goes with rivers. The mixing of the gases makes the water little salty. When the river drain into the sea, all the salt will be staying now in the sea. When water evaporates, the salt particles would be left behind. This process is taking place for crores of years.

Under the sea, there are volcanoes also. When these volcanoes erupt, they release chlorine. Even in the sea there are some sodium particles. When this sodium particles and the chlorine meet, chemical reaction happens and NaCl is formed. NaCl is the edible salt that we put in dishes.

– By, V. Aksharaa, IVA

WORDS TO DESCRIBE FOOD

astrigent	:	is one that is strong and bitter.
brackish	:	water has a slight taste of salt and therefore not pure.
crumbly	:	food that crumbles to the touch and breaks easily when you eat.
mature	:	mature cheese, wine, etc.. has been left to develop a pleasant strong flavor.
mushy	:	food that is very soft.
robust	:	food or drink that has a lot of flavor.
syrupy	:	Thick sweet and sticky.
tart	:	food/drink that have a slightly sour taste.

POSTURAL MAINTENANCE

Hi Students!

Do you know an interesting fact that our

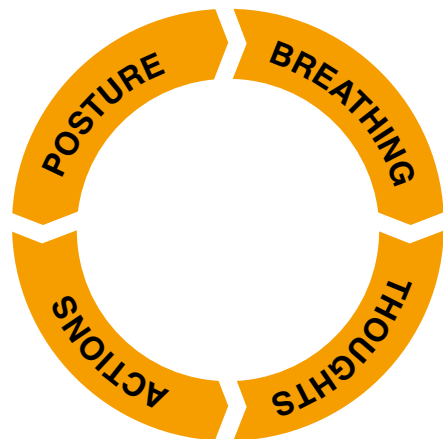

POSTURE DETERMINES OUR FUTURE

Oh yes! It goes this way.....

Our posture determines our breathing. Our nature of breathing inturn controls our thoughts. Our thoughts depicts in our actions. Our actions determines our future...

So, Students while listening to the class, try to maintain an erect posture to create an optimistic atmosphere.

As you students are the pillars of the future generations, try to maintain an erect and correct posture in the day to day lives, so as to have a peaceful and healthy life with a motto to “HEAL THE WORLD”

– By, Dr. Hemamaalini.A. M/o Samyuktha. U.H, IIIB

APJ ABDUL KALAM

APJ Abdul Kalam Quotes / Thoughts that will Inspire your life

“You have to dream before the dream comes true”

“The bird is powered by its own life and by its motivation”

“One best book is equal to a hundred good friends but one good friend is equal to a library”

“Life is a difficult game. You can win it only by retaining your birth right to a library”

“I am not a Handsome guy, buy I can give my hand-to-someone who needs help, beauty is in the heart not in the face”

Dr. APJ Abdul Kalam – “The Missile Man”

Avul Pakir Jainulabdeen Abdul Kalam, popularly known as Dr. APJ Abdul Kalam was an aerospace scientist and former President of India. He served as the President of India from 2002 to 2007. Dr. APJ Abdul Kalam was born on 15th October 1931 in the small Dhanuskodi village of Rameswaram, Tamilnadu. He was born in the middle –class Tamil Muslim family. His father Jainulabdeen

was a fisherman and imam of a local mosque, his mother Ashimma was housewife.

Kalam was the youngest of his four brothers and one sister in his family. Kalam’s family condition was not that much good.

He computed his education from Saint Joseph College, Tiruchirappalli, and then graduated from the University of Madras in Physics and studied Aerospace engineering from Madras Institute of Technology.

He joined DRDO as a scientist and got transferred to ISRO in 1969. Meanwhile he was elected as a satellite launch project director of India. He played major role in the mission “PRITHVI” and “AGNI”. During this period Pokhran –II nuclear tests were conducted and he played an intensive political and technological role and due to all these contributions, he was known as “Missile Man” of India.

On 27th July 2019, Dr. Abdul Kalam took his last breath and his soul dismissed to rest heavenly forever.

DAILY SCIENCE FACTS

Babies have around 100 more bones than adults....

The Eiffel Tower can be 15cm taller during the summer....

20% of Earth's oxygen is produced by the Amazon rain forest....

Some metals are so reactive that they explode on contact with water...

A teaspoonful of neutron star would weigh 6 billion tons....

– By, Akshadha Radha.K.S, II B

TREES AND HUMANS

Trees give us oxygen,

But, Humans fight on religion,

Trees give us food

But, Humans cut them for wood

Trees cool the atmosphere,

But, Humans pollute the Biosphere,

Trees decrease pollution

But, Humans increase population

WORDS

1. The most selfish word 'I' avoid it.
2. The most satisfying 2 letter word "WE" – use it.
3. The most poisonous 3 letter word "EGO" – kill it.
4. The most used 7 letter word 'SUCCESS' – achieve it.
5. The most enviable 8 letter word "JEALOUSY" – distance it.
6. The most powerful 9 letter word "KNOWLEDGE" – acquire it.

– By, G. Miduna, IB

RIDDLES

1. Which bird can lift the heaviest weight?
2. Which room you can't enter?
3. Where do fish keep their money?
4. What remains hot even in the refrigerators?
5. What travels around the world, but stay in the corner?
6. Which fort will lead us to success?
7. What never gets hurt when it falls?
8. Why should a fisherman be always wealthy?
9. What is the key always play tricks at us?

– By, G. Miduna, IB

ANSWERS

- | | |
|---------------|-----------------------------------|
| 1. The Crane | 6. Effort |
| 2. Mushroom | 7. Rain |
| 3. River Bank | 8. All his profit is a net profit |
| 4. Chilly | 9. Monkey |
| 5. A stamp | |

JOKES

Teacher: Now students, whatever I ask I want your answer at once. How much 6+2?

Student: At once.

Teacher: If 1+1 = 2 and 2+2 = 4. What is 4+4?

Student: That's not fair you answer the easy ones and leave us with hard ones.

Teacher: Ragu, what happen, if third world war started?

Student: That would be terrible.

Teacher: Why?

Student: A new chapter will be added in our history book.

– By, G. Miduna, IB

நன்றி மறவேல்

ஒரு பணக்கார வீட்டில் தோட்டக்காரனாக ஒருவர் வேலை பார்த்து வந்தார். ஒரு நாள் பந்து விளையாடிக் கொண்டிருந்த அந்தப் பணக்கார வீட்டுச் சிறுவன் தவறிப்போய் கிணற்றிலே விழுந்து விட்டான். இதைப் பார்த்துப் பதறிப்போன தோட்டக்காரன், ஓடோடிச் சென்று கிணற்றில் குதித்து முதலாளியின் மகனைக் காப்பாற்றினார்.

இதனைப் பார்த்து மகிழ்ந்து போன முதலாளி என் மகனைக் காப்பாற்றிய உனக்கு என்ன உதவி செய்யட்டும் என்று வேண்டுகோளும் கேள் என்று சொன்னார். அதற்கு அந்தத் தோட்டக்காரர் ஐயா! தங்கள் மகனின் வயதொத்த பையன் எனக்கு இருக்கிறான். அவனை படிக்க வைக்க வேண்டும் என்று ஆசைப்படுகிறேன். அதற்கு உதவுங்கள் என்றார்.

அந்த பணக்காரர் உடனே தன் மகன் படிக்கும் அதே பள்ளியில் தோட்டக்காரரின் மகனையும் சேர்த்து படிக்க வைத்தார். பணக்காரரின் மகன் பெரிய அரசியல்வாதி ஆனார். தோட்டக்காரன் மகன் பெரிய மருத்துவர் ஆனார்.

இரண்டாம் உலகப்போரின் போது காயமடைந்த பல்லாயிரக்கணக்கான போர் வீரர்களின் உயிரைக் காப்பாற்றிய மருந்துகளின் ராணி என்று அழைக்கப்பட்ட 'பென்சிலின்' என்ற ஒப்பற்ற மருந்தைக் கண்டுபிடித்த 'அலெக்சாண்டர் பிளமிங்' தான் அந்த மருத்துவர்.

கதை இத்தோடு முடிந்து விடவில்லை. அந்த அரசியல்வாதி நோய்வாய்ப்பட்டார். அவரை 'பென்சிலின்' தான் காப்பாற்றியது. அவர் வேறு யாரும் அல்லர். இரண்டாம் உலகப் போரின் போது இங்கிலாந்தின் பிரதமராக இருந்த 'சர் வின்ஸ்டன் சர்ச்சில்' தான் அவர்.

செய்த உதவியை மறவாமல் பணக்காரர் காட்டிய நன்றி ஒரு மருத்துவரை உருவாக்கியது. தன்னைப் படிக்க வைத்த உதவியை மறவாமல் மருத்துவர் காட்டிய நன்றி சரித்திரத்தில் இடம் பிடித்தது.
- பா.சாய் தர்ஷன் II C

நாகரீத்தின் நிலை

மழையில் நனைந்ததால் தான் குடை வந்தது முட்களில் நடந்ததால் தான் செருப்பு வந்தது வெயில் வாட்டியதால் தான் நிழல் புரிந்தது தவறுகள் செய்ததால் தான் நாகரீகம் பிறந்தது ஆனால் ஏனோ இன்று நாகரீகம் மறைந்து தவறுகளே தொடர்கின்றன.

மாணவர்கள்

செதுக்கப்படாத கற்கள் ஆசிரியர்கள் என்பவர்கள் செதுக்கினால் மட்டுமே உயிர்பெறும் கிளைகள் மாணவர்கள் மாசில்லாத தீபங்கள் ஆசிரியர்கள் பள்ளி என்ற கோவிலில் இருக்கும் கடவுள் போன்றவர்கள்.
- ஜி.மிதுனா I B

சுட்டி (Mouse)

சுட்டி என்பது கணினிக்குத் தகவலை அனுப்ப உதவும் ஒரு கருவி ஆகும்.

அதன் பயன்கள்:

1. கணினியில் உள்ள கோப்புகளை எளிமையாக தேர்வு செய்ய உதவுகிறது.
2. தேர்வு செய்யப்பட்ட கோப்புகளை திறப்பதற்கு உதவுகிறது.
3. கோப்பில் உள்ள வார்த்தைகளை எளிமையாக தேர்வு செய்ய உதவுகிறது.
4. ஒரு நீண்ட கோப்பில் மேலும் கீழும் எளிதாக செல்ல உதவுகிறது.
5. கோப்பில் எளிமையாக மாற்றங்கள் செய்ய உதவுகிறது.

ONE TOUCH A BOON OR BANE

With the advent of modernization several technological improvements have taken place which is intended towards making life simpler with faster solution. Predominantly smart mobile phones are perceived to be an elixir of life through it “One Touch” they provide connectivity and source of solutions through customized apps.

Definitely the smart mobile phones has many advantage the most prominent ones are:

- Connectivity across globe – Shrinking the boundaries
- Quick reference of facts – Modern gurus such as “Google” and “Wikipedia”
- Customized solutions – Mobile Apps
- Need not worry about routs – Google Map
- Freedom of Expression social media

So what is the problem! Yes it has striking similarity with the saying “Good servant but a mad master” mobile phones are very useful only when it remains under our control. One the contrary when we are getting ourselves controlled by it; then this opens up to the modern age risks. There problems are felt by many individuals but they are seldom addressed. The following two are the most threat full impacts

SOCIALIZING:

We are in an era of many friends through face book but weaker relationships. At work place whenever we feel like having a break at home during free time Irony is even with friends / relatives during outings etc; our hand immediately reaches to a gadget rather to relationship. All heads inclined down forgetting the neighborhood and the very purpose of relationships are under chronic deterioration let's at least adopt a practice of a meaningful socializations with our friends relations cleared ones with realization of fact that the mobile phones will be a companion only till the battery or data pack lasts. Till mid 2000's we grew with socializing and our lives were filled with memories which is now greatly deprived due to mobile phones.

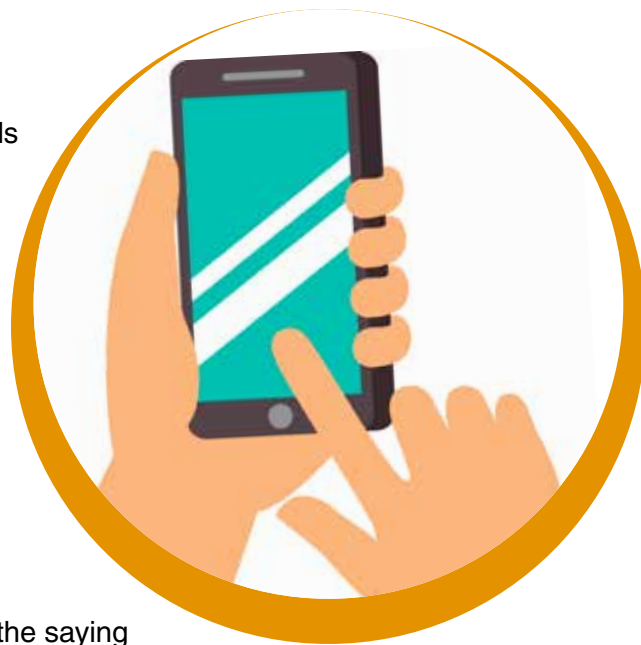

DISTRACTIONS:

The powerful media of information's entertainment games mobile Apps what it does? It is always gives users a curiosity with gushing updates that has the potentials to get engrossed in it. This create a short term isolations to the rest of world but this also sadly resulted in accidents and deaths in worst case. We all have heard of many cases!!!.

Let's think of simple solutions more than the problems yes it is all in our hands. We need to realize within ourselves in drawing a simple boundary. When you get a free time just think within yourselves that how you are going to make that moment filled with memories. This should definitely be not by getting captivated with your mobiles phones. The creator has given us a good eco system and opportunities of relationships for us to explore. Just speak out to your friends relatives in train, buses during pre smart phone era. Even if in any chance you are devoid of any sources to socializing why not just enjoy the nature and community while you just walk or travel. This is better then ending up with distraction driven losses.

So friends the smarts phones that provides you so many opportunities “One touch” is definitely either a “Boon or Bane” how ever the choice is just YOURS!!!

YOUTH ICONS SINGAPORE

Educational Trip

Great leaders are always considered as first class communicators they always believe in promoting and inculcating those values in others. Some of the greatest leaders of history have also been motivators who have been able to encourage others to work towards a common goal. This ability to motivate has largely been a result of solid communication skills. Mahatma Gandhi and Subhash Chandra Bose are two of the most effective leaders in the Indian freedom movement who approached challenges in different ways who had the common trait of having excelled in communication.

The fastest quantum operation

A group of physicists at UNSW Sydney has built a super fast version of the central building block of a quantum computer. The research is a milestones result of the vision first outlined by scientists 20 years ago.

Student health and hearing

Carbon dioxide levels of up to 4000 PPM threshold for students under these conditions both the teacher and the students are sleepy and tired and their learning capacity is reduced tremendously sciatica professor mat santomouris the Anithe Lawrence chair in high performance Architecture said Talent is never enough even for the musical storm.

About 15 years back I got interested in these metaphors I didn't call them as metaphor word I picked later. It all began when I got struck by one movie the movie named Troy which was loosely based on homer's Iliad. I saw that movie in the theater without subtitles I did not understand much of it initially but I was impact by that movie I liked it so much so I bought a DVD of the movie that had the subtitles and I watched it.

SAVE EARTH

Our Earth is the only beautiful planet in our solar system. It's the only planet that has life. So, we should respect and maintain everything we get from our Mother Earth. So that our future generations can live in a safe environment. We can save the earth by saving trees, natural vegetation, water, natural resources, electricity, etc.

Everyone should plant more trees in the surrounding areas to curb the pollution and reduce the effects of global warming. Afforestation, reforestation, recycling of used paper and other natural products, saving of natural resources (minerals, coal, stones, oil, etc.), electricity, water and environment should be supported and promoted.

Master **KAVIN** *Crafty Pen Holder*

Kavin is a conscientious child with a pleasing demeanour and prompt in his work. He is a very good dramatist. He has scripted two stories with comic strips which are pertinent to the child's age and calibre. His writing evince effective utilisation of time, his passion for writing and his urge to work on his talents. He has a strong sense of responsibility industrious too. He is in toto a skilful artists which was evident during the academic year.

Reading books like Robinhood & Akbar & Birbal kick stated the desire in Kavin to author books. He gets inspired with ideas from books and television. Poor reviews about his stories has only encouraged him to write. As per his view repeated drawing of characters was the difficult part.

Best wishes from San Academy to continue with his passion to write.

CHARACTER

BLADE MASTER

He is Blade Master. He is one of the legends in the Marvel group. Marvel is a group of superheroes who fight against villains for liberating people of the world from the villainage. He has a sword in his left pocket. His skills in handling his blade will make everyone understand. He is a brilliant person.

CUADOR

He is Cuador. He is a Titan. He was a normal woodcutter before he became a superhero. He can fly. He can absorb heat and fire energy from the sun with using his axe.

MBA I

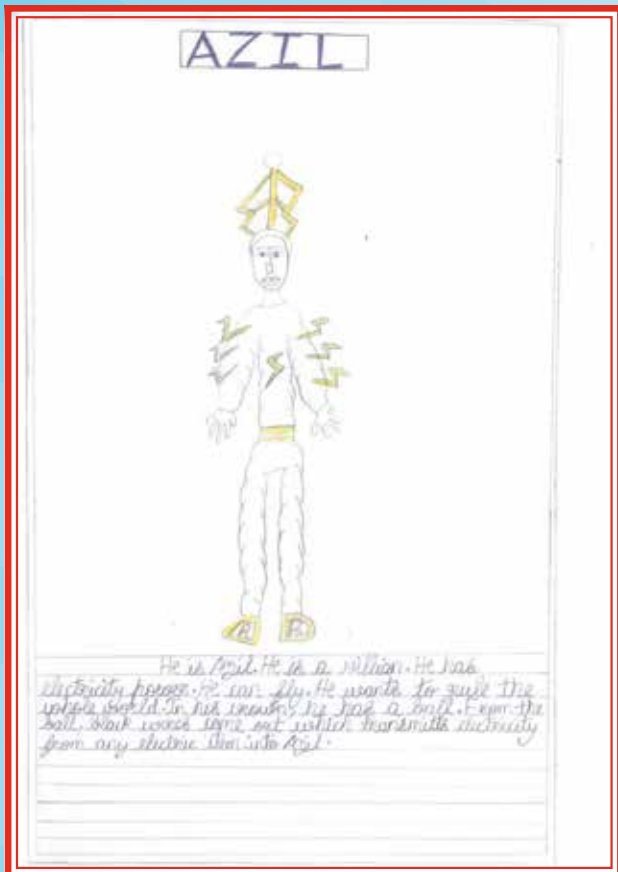

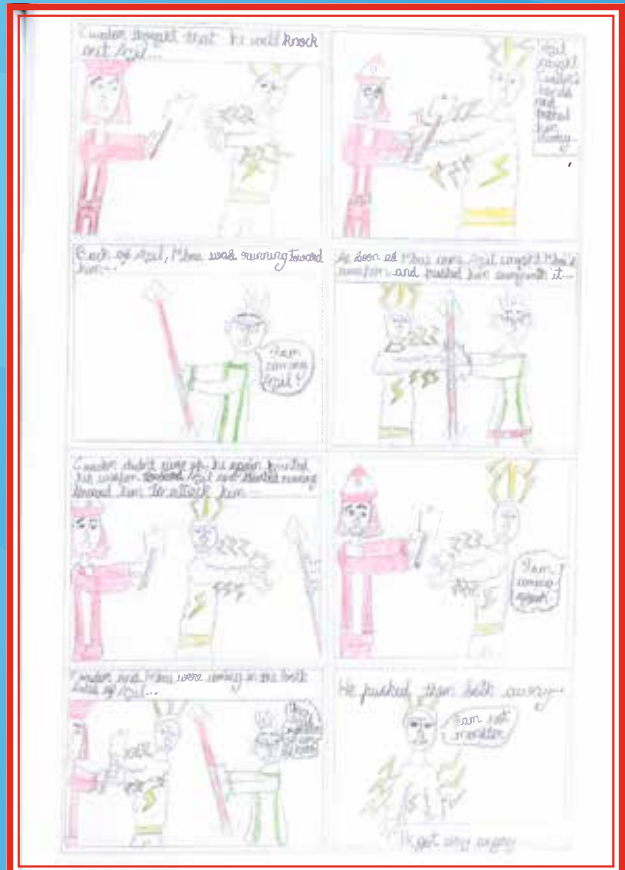

He is Mbi. He is a Titan. He is a warrior who lived before 4,000 years in India. A villain named Ravana killed him. 4,000 years ago for his benefit. He fights only for good to be saved. He is a Titan.

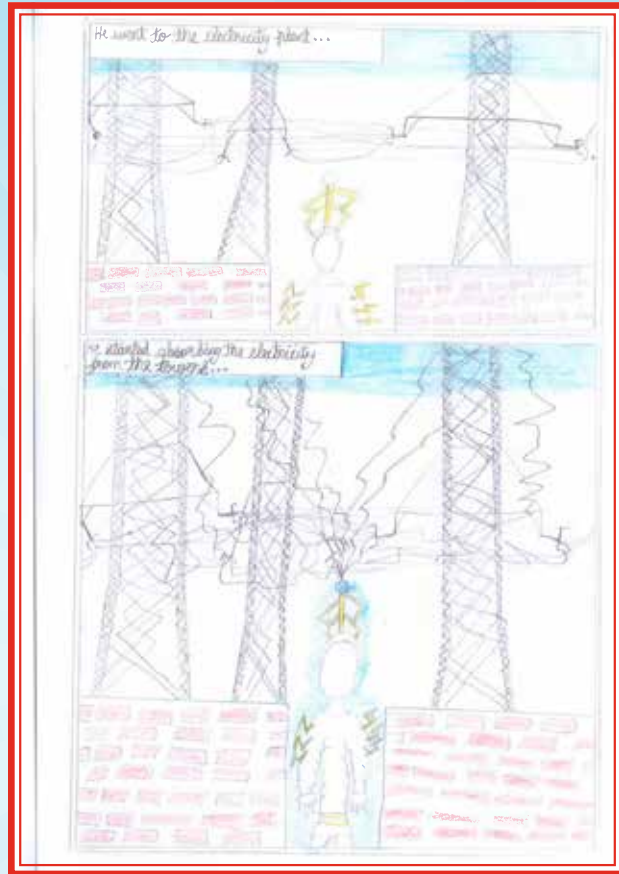

ELIS

He is Elis. He is a Titan. He was the founder who found out that there are many superheroes in the world and many villains in the world. He explored their powers and set back to make these superheroes into a team named Titan. He is not in the Marvel team. But he helps them whenever necessary.

CULMINATING ACTIVITY 2019-20

CLASS I

TERM I & II

EVS Culminating activity was organised to strengthen the verbal skills and to foster public speaking competency among young children.

The students from class 1 participated in culminating activity which helped them to build the self confidence and self esteem . It enabled them to improve their narrative skills by communicating emotions with words.

Students involvement in individual activity infuses in them originality self-confidence and self reliance. The inspiring presentation by kids left no stone unturned.

This activity helped students discover the power of expressions in bringing their concept understanding in most beautiful and profound manner.

CLASS II

EVS Culminating Activity for class II

Culminating activity, the main goal of this activity is to guide the students through creating student- centered learning based on accumulated experience. It is not just an enhancing activity but rather discovers the skills of the students. It also creates a strong bond among the students. It is a form of project based assessment by which students demonstrate their civic knowledge, skills, attitudes and actions.

Culminating activity provides opportunities for the teacher to monitor the progress of development of concept learning.

TERM I:

The students exhibited their project in different forms, through rhymes, fashion walk based on the topic, demonstration, experiments and fun games(riddles, matching games).

TERM II:

Students showcased their talent in the form of "Show and Tell"

Club Activities

The club activities at San Academy provides students with opportunities to use their time wisely and also it helps them to develop their social skills and fine tune their interactions with their peers and with faculty members. These interactions will help forming the basis for enduring friendship. The wide range of clubs will create opportunity for good life long habits and to display their talent.

SCOUTS & GUIDES

INDEPENDENCE DAY

Date: 15th August 2019

The Scout and guides welcomed the Chief Guest with the Colour Party march. The Independence Day celebration started with the hoisting of our National Flag and followed by the march past of our unit

CAMPOREE

Date: 27th –31st August 2019

Venue: A.M Jain College Campus, Chennai.

A Camporee is a local or regional gathering of scouting units for a period of camping and other common activities. This was the 10th State level Camporee. The most prominent thing is it happened after huge break of 22 years. It was a very grand and great gathering in which all the district of our state participated. Around 3000 Scouts, guides, Cubs, Bulbuls were participated from all over the state.

WORLD SCARF DAY

Date: 1st August 2019

The World Scarf Day was celebrated on 1st of August every year. It reveals the brotherhood in Scouting. The idea of world Scarf day on 1st of August is all the former and active scouts around the world are requested to wear their units Scout scarf proudly in the public to enhance the 'Spirit of Scouting' visible

CROSSOVER CEREMONY

June 13th 2019 the crossover ceremony was conducted. The ceremony is all about a Cub Scout passing on to the Boy troop.

On this day the young cub leaves his pack to join the scout pack and the bulbul with greetings to the guides. The folk leader crosses six levels of the bulbul wings and hands over the bulbul to the guide company.

ALL FAITH PRAYER

Our San group of scouts and guides conducted All faith prayer on 28th September; A common prayer for all was recited in mark of respect for all religious faith and beliefs. Scriptures, prayers, hymns from every religion were adhered symbolizing all religion unity and love for all.

INTERNATIONAL DAY OF PEACE

The international day of peace was celebrated on the 23rd of September at San Academy Velachery Campus. This day is globally shared by all humanity to commit to peace above all differences and to contribute in building a culture of peace. The year's theme was to combat climate changes to protect and promote peace throughout the world. Our students proudly displayed placards with messages "Combating climate change". The event ended with a theme dance dedicated for peace and harmony.

GOLDEN ARROW AWARD RALLY 2019-2020

The golden arrow award the most prestigious awards of Bharat Scouts and Guides were given to the cubs and bulbul of San Academy Velachery for 2019 -20. For this great honor San Academy Velachery Branch was recommended by the Bharat Scouts and Guides of Tamil Nadu State to receive the award at Delhi.

A camp was held on 19th to 23rd of February at National youth complex Ghadpuri Delhi represented by various states, the five day camp at the Bharat Scouts and guides at national headquarters. It had a variety of programme during the day. The participation from every state made it a joyful experience and during the night camp fire the bonding around the red fire filled the camp with spirit of brotherhood.

The first day sightseeing to significant places of national importance like the Red Fort, Qutubminar, Brila Mandir, The President's House, and The Parliament was organized.

San Academy won many accolades and prizes during the camp. The first prize was bagged by the cub's greetings and jungle dance; Story telling which was represented by two students per state. Our school student VaradPatil bagged the second prize. In clay modeling competition and paper folding competition our school won the 1st prize.

Life in a camp site was an unforgettable experience. The spic and span tidiness of the camp fostered discipline in one's self, the healthy food was delightful;

life in tents and the ambience will be in our memories forever.

On the last day we took a trip to see the lotus Temple and the India Gate. Our return journey to the airport was filled with excitement. Once we boarded the flight and landed at the airport it was celebration of homecoming and felt victorious. At the airport we were eagerly awaited and greeted by our proud principal and parents who received us with great pride.

TO SHARE AND CARE

San Academy Velachery students initiated in a most enthusiastic collection drive for old clothes and baby feed and needs. The drive which was on the 7th of January. It was carried out, by great enthusiasm by the students of San Academy. An overflowing collection of old clothes and baby food as expected and collected, on the 10th of Jan our Scouts and guides Cubs and Bulbuls offered the collected materials to the children of Christ Church Home, Porur who received us with great happiness.

45th ANNUAL CAMP

The 45th Annual camp organized for Bharathi Scouts and Guides group (Cubs and Bulbuls) was scheduled from the 24th to 26th January at camp site Tonkala Annanur Avadi.

At the camp site various activities like Bp Exercise, Kit Inspection, enacting of jungle and Tara story, cubs and bulbuls greetings, knots and skills of fireless cooking was conducted.

Children enjoyed the camp fire. Appreciation Award was bagged by our San Group Unit.

FOOD FEAST DAY

We conducted food feast day on 4th February 2020 Lady Scout Master Mrs. Kanchana explained the cubs and bulbuls the importance of nutrients and proteins through PPT Presentation. The time slot the cubs pack prepared sandwich using vegetables sprouts and nuts. The session educated the members to know the value of balanced diet and the art of fireless cooking.

CUBS AND BULBULS CAMPOREE

Cub-bulbul fest was held during the state level camporee after 22 years. On 29-08-2019 at A M Jain College two hundred and eighty children inaugurated by former Deputy Director Ms. Alamelu and former SOC of Karnataka Ms Sarojini. All the cubs and bulbuls were greeted with garland by the cub masters and folk leaders and were taken to camp tour lead by a band. Activities based on the theme of concentration skills, Body balancing Adventure, Sound and touch sense activities was presented.

CANCER AID SOCIETY

We wish to put on record our sincere gratitude and acknowledgment of the efforts made, which speaks volumes about your concern towards Social Activities and motivation of students for this noble humanitarian cause under the Nationwide Cancer Control Programme. The laudable and noble efforts made collectively by the students in the Sponsored Cancer Awareness Programme is commendable, in which a sum of Rs. 1,37,000/- was raised as donations besides generating awareness. This service of yours shall go a long way for the Control of Tobacco, Cancer, NCDs, Palliative Care and Adbocacy in tune with the guidelines of World Health Organisation. We extend our sincere thanks for the support.
