### **Tiny Habits**

**Tiny Is mighty. At least when it comes to change. I happened to experience myself and got a chance to read an article on habits and healthier changes.**

**Everyone of us, wanted to make some kind of change : Eat healthier, lose weight, reduce stress, be more productive and many more.**

**Building habits and creating positive change can be easy, If we have right approach. We know habits matter, we just need more good habits and few bad ones. In order to design successful habits and change your behavior.**

**We should do three things.**

- Stop judging yourself**
- Take your aspiration and break them down into tiny behavior.**
- Embrace mistakes as discoveries and use them to move forward.**

**If you follow the Tiny Habits process, you'll start taking a different route. Snow will quickly start covering those self - doubting grooves. The new path will soon be the default path. This happens quickly because with Tiny Habits you can change best by feeling good. The process doesn't require to rely on will power or accountability measures or promises yourself rewards. There is no magic number vof days you have to do something.**

**The essence of Tiny habits : Take a behavior you want, make it tiny, find where it fits naturally in your life and nurture it's growth. If you want to create long term change, it's best to start small.**

**Padmapriya  
Principal**

# *Vice Principal's desk*

## **A Tribute to all Souls**

At last you've departed and gone to the unseen  
How wonderful the way you left the world.  
You opened your wings, broke out your cage  
And took off for the world of the souls  
Like a loving nightingale among the owls.  
When the scent of roses reached you,  
You flew to the rose garden.  
The broad smile on your face  
Your glittering eyes with love  
Gazing towards the sky,  
Shows that you've attained the Brahman  
The one in all and all in one.

Ms Ameena Karthik  
Vice Principal  
San Academy, Velachery

## CELEBRATION : CHOCOLATE DAY

**FEED BACK :** Kids enjoyed the AV of chocolate preparation. Students disguised themselves as chocolates and spoke a few lines. The lollipop dance performance by nursery and Jr.Kg students was fantabulous. Kids gained more knowledge and also had fun.

DATE: 18.07.23

V A

To brighten the hope for a greener tomorrow, a special assembly on World Nature Conservation Day' was conducted by the students of class IV D . World nature conservation day is celebrated on 24 the July of every year. This day holds significant importance in the lives of every human being because it is about our mother, our nature. It is a celebration of the environment we live in and its importance. It raises awareness about environmental hazards, preserving measures, and the importance of protecting nature for generations to come. The assembly commenced with the Morning Prayer by the choir group. There after, students spoke about the importance of a healthy environment, the foundation for a stable and productive society. Children displayed slogans, enacted a skit and performed a dance saying " No plastic" on the theme to ensure the well-being of present and future generations, we must all participate to protect, conserve and manage our natural resources. Serving as a knowledgeable base, this enriching morning assembly was indeed an extraordinary experience for everyone. The students were able to successfully deliver the message that only if we all work together and conserve nature, can we live happily on the earth.

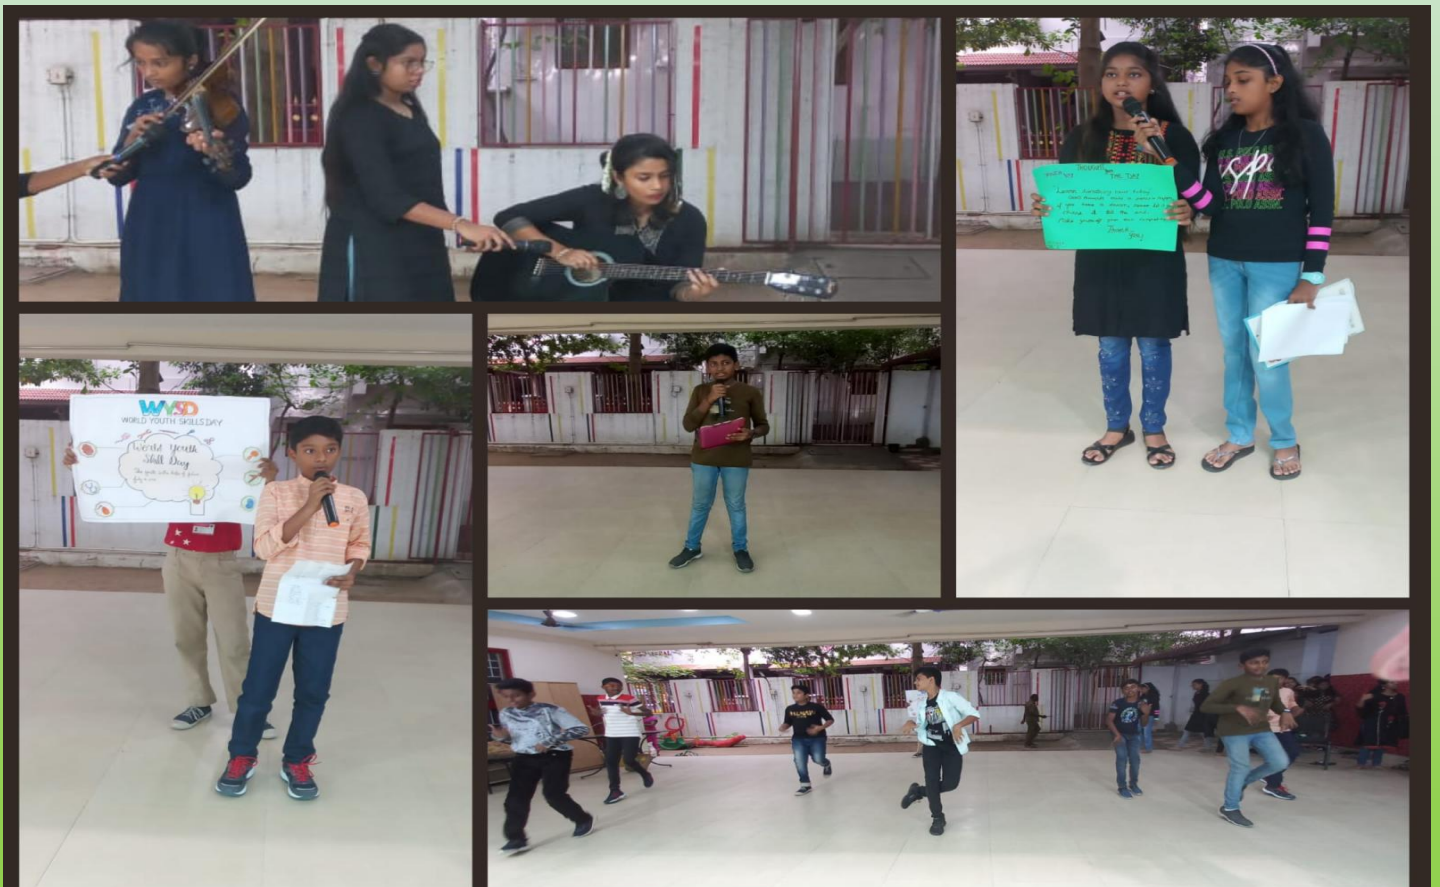

DATE: 19.07.23

VIII B

**The students of 8B gave a spectacular series of events on the eve of World Youth Skill Day. It was a platter of various entertaining programs along with enriching Zumba Work Out activities. It was a student led assembly. The importance, roles & responsibilities of today's young and zealous generation was seen throughout the scintillating performances of students of class 8 B. The students performed a face off musical challenge using guitar and keyboard.**

PAPER BAG DAY

12 JULY

*At San Academy Velachery, an inter school competition was conducted to celebrate "Hindi Diwas." We gathered here to embrace diversity, celebrate unity and create lasting memories together. To make it remarkable and to make the language extraordinary we took a maiden effort at San Velachery and various competitions were conducted today to show unity and etch spectacular memories of "Hindi Diwas."*

# हिंदी दिवस

## Hindi Diwas celebration

Date : 27.09.23(Wednesday)

Chief guest - Srimathi SKMSVM.Malleswari

The main aim of this celebration is to preserve the cultural heritage. The program started with the Welcome song (Swagatham geet) by students, followed by a speech in Hindi. Kindergarten students performance on varnamala and primary students performance on Hindi diwas song was awesome and entertaining. Through Translation quiz, students were able to improve their language skills. The Chief guest delivered an inspiring and motivating speech.

# SOCIAL AWARENESS ON WOW

Children were given the opportunity to create an awareness about reduce, reuse and recycle of papers. Children were encouraged to contribute waste papers. Depending on the weight contributed they were given stationeries. This helped to induce the awareness more in children. Children went to neighborhood flats and spread awareness about the collection of waste papers and about the WOW (Wealth out of waste) project. During the Social Awareness Club sessions posters were made relating to this. This enlightens the children about the right use of papers and the practical needs behind it.

**"What the HAND does, the MIND remembers"**

• It was indeed a mesmerizing morning on the 26<sup>th</sup> August 2023-24, a splendid Saturday for sure. The students of SAN ACADEMY, Velachery across the Grades of 1 to 8 donned themselves integrating various inter disciplinary skills into their learning as a part of No Bag Day activities like Stick Figure Craft, Origami, Pottery, Handicrafts, Calligraphy etc.. They left no stone unturned according to their age. It was a feast for our eyes to see them blooming into colourful flowers. It was surely an event to watch, contemplate and take home memorably.

# Lovely voice club

*Song will be learned by students according to the theme. Songs like Kada Kada vandi, Story songs(Three Little Pigs & The Lion and the Mouse)*

# Nature club

Planting a seed. Students will be involved in planting activities in the school campus.

# Karuna club

**The primary focus of Karuna club is to help children value the need for co-existence in harmony. The club promotes compassion and empathy towards colleagues begins through a variety of activities that help students experience the joy of sharing and caring and there, by contributing towards larger societal causes.**

# Creative club

Every child is born with untapped creativity and talent. Tapping the talent and showcasing it is the prime agenda of our creative club.

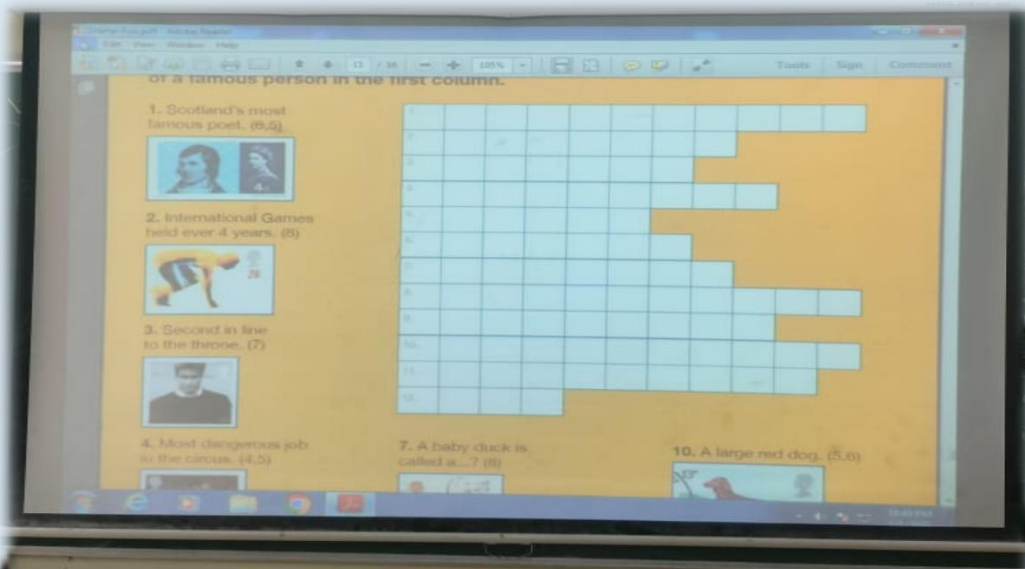

# PHILATELY CLUB

Philately is the collection and study of postage stamps. It also involves the collection, appreciation and research activities on stamps and other Philately related products.

# Hobby club

Engaging in a hobby leads to acquiring substantial skills, knowledge and experience. At San Academy we believe in a Holistic approach towards education and thus encourage the cultivation of hobbies. Children to utilize imaginative strength and scale and develop their artistic talent in a particular field.

# Heritage Club

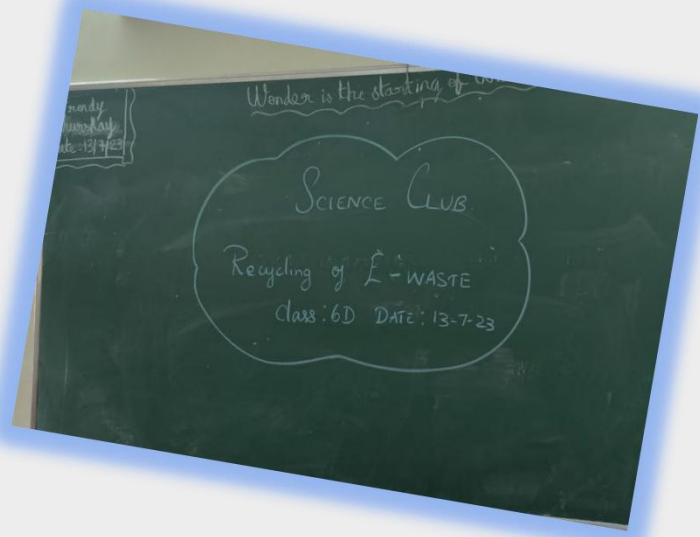

The heritage club at San Academy is about discovering the culture and heritage of our country as well as other heritage sites around the world.

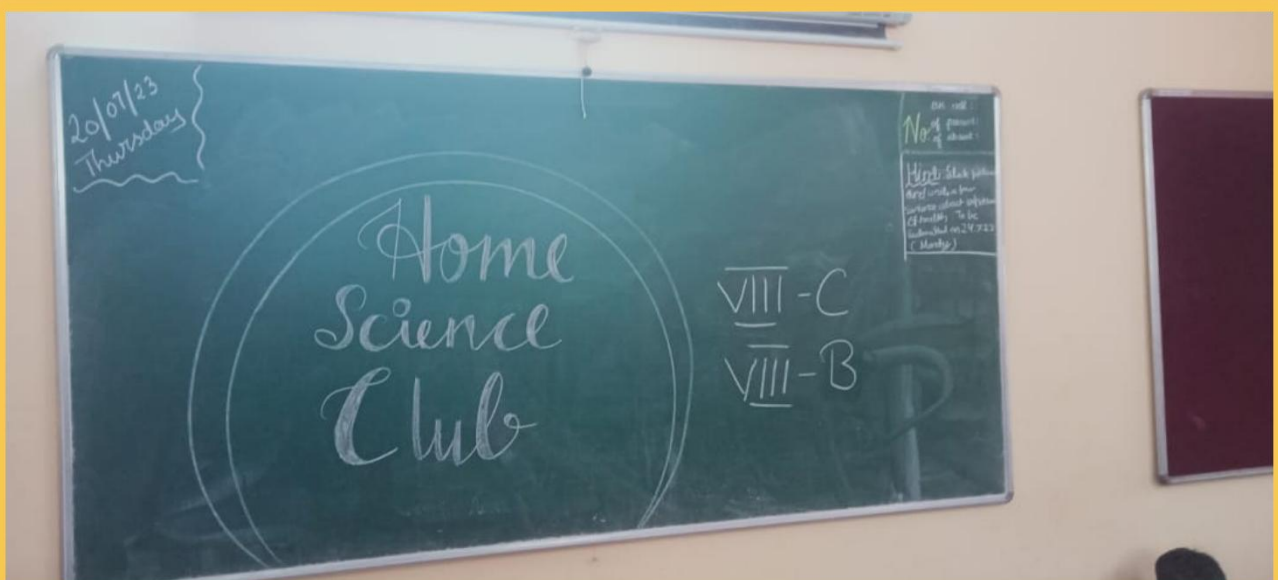

The club channel is the energy of students which satisfies their instincts and urges. This club will inculcate a scientific attitude, problem solving, constructive and innovative thinking.

This club deals with the promotion and preservation of the general health, cleanliness, food and home hygiene.

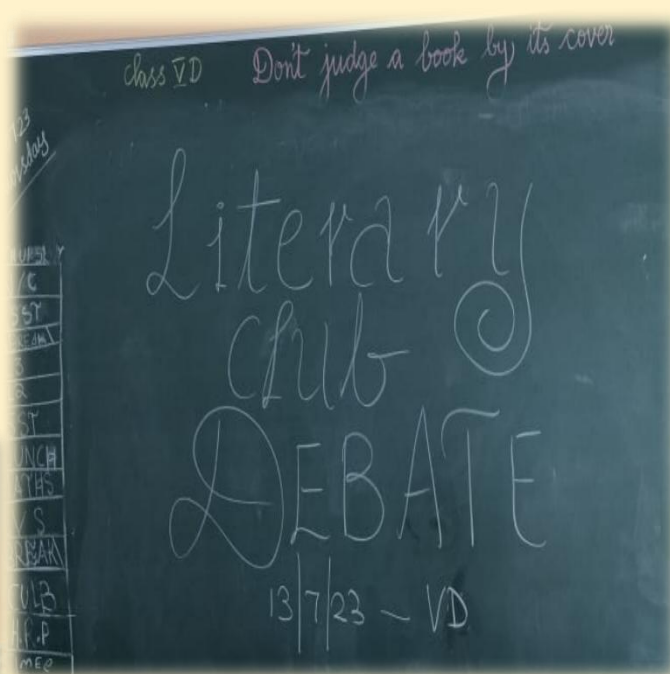

# LITERARY CLUB

READ, LISTEN, WRITE, REFLECT

Literary club explores the various dimensions of literature. This is not only enhances the ability to write but also brings out the innate creativity in children.

# VOLUNTEER CLUB

Through Volunteering club, students can give back their time to society. Students will learn about local and global issues and initiate activities to change lives by undertaking exciting volunteering opportunities.

Dr. A.P.J. Abdul Kalam once said, "I have met 18 million young people, and each wants to be unique". These words have held true for young generations since time immemorial. To foster and nourish this young power is exactly what we strive for in young minds. Young achievers club is a club that creates a space for students to indulge in the best and most productive moments and bring up their talents.

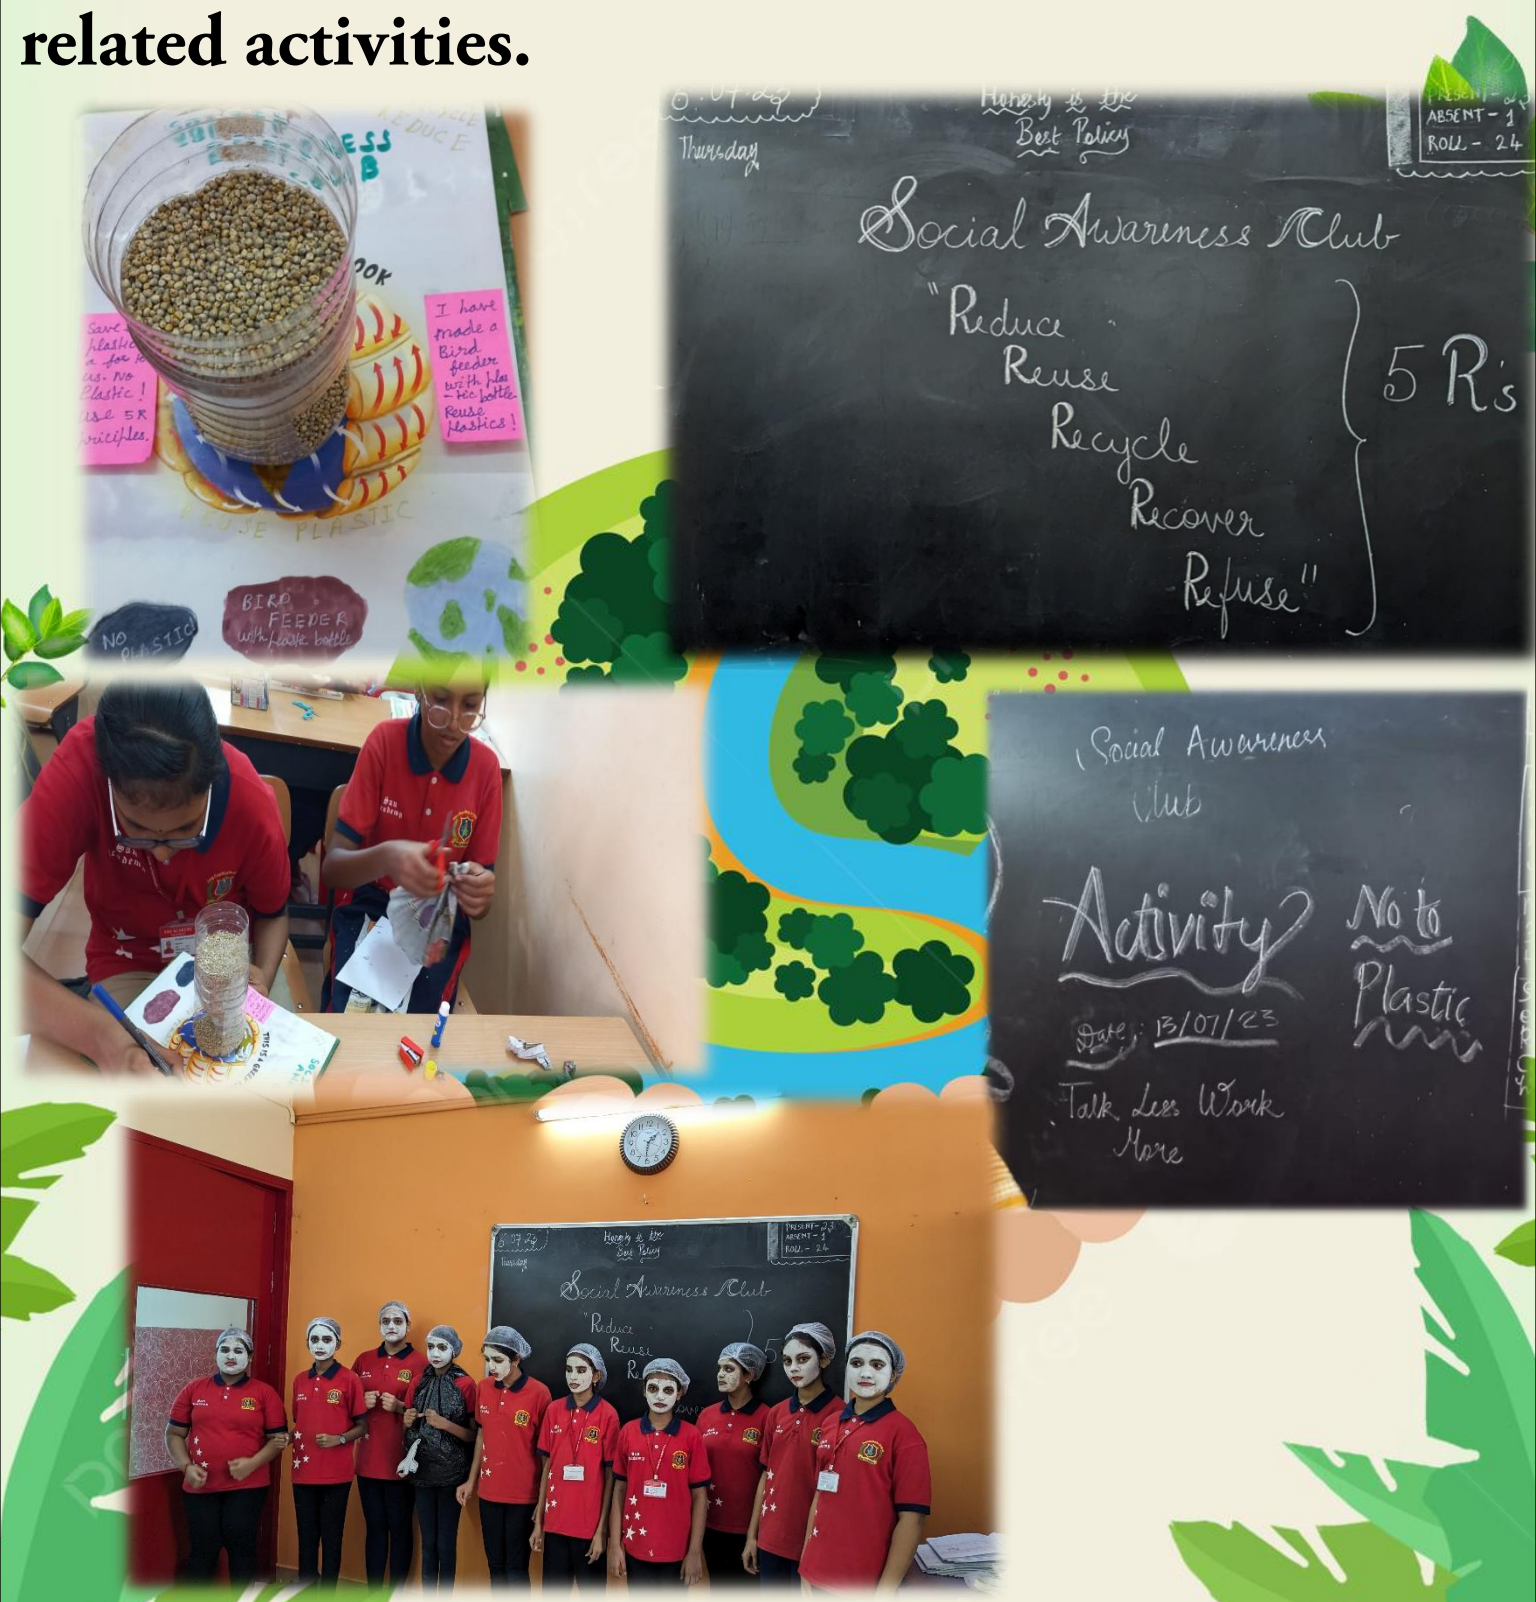

YOUNG ACHIEVERS  
CLUB  
DATE: 20.7.23  
TOPIC PROBLEM SOLVING  
&  
CRITICAL THINKING

# Social awareness

Students will act as a platform for students to find and explore the possibilities to participate in service-related activities. The main objective of the club is to create awareness and sensitize students towards local as well as global social issues existing in society, to make students participate in service-related activities.

# QUIZ CLUB

The objective of the quiz club at San Academy is to instill in our students the value of knowledge, wisdom and to make them smart citizens. This will also help them face competitive exams and quiz forums with more confidence.

*“A sound mind dwells in a sound body”.*  
Physical exercise for growing children is imperative for a healthy body and mind. We provide a robust physical activity program which engages the student in both indoor and outdoor sports.

# SCROLLING WITH A SNAKE

**“To walk in nature is to witness a thousand miracles.” - Mary Davis.**

It was a Splendid Sunday morning on the 9th of July, 2023 where the students of SAN ACADEMY, VELACHERY decided to walk in nature to get a new insight about the most ancient reptiles of the era... 'THE SNAKES.' This exciting and adventurous event was organised in association with the Wildlife Portal of India.

The students of classes 3 to 8 along with their facilitators and a few parents were very excited to learn the facts and myths of these dangerous vertebrates with the help of the Tribes called 'Irulas.'

All the snake charmers set their venture to the Eechur Village where the Irula tribes helped in searching for the snakes, catching them live from the fields and demonstrated the process of identifying venomous and non-venomous snakes. They also explained the various myths about snakes prevalent across the world.

The students were very curious to know the ways to protect these reptile species and also wanted to know the means to get protected from these species. The tribes patiently explained and clarified all the queries of these young inquirers.

It was a memorable walk and talk in nature which could be cherished for a lifetime. The fear of watching a snake was gone from the minds of these valorous snake charmers.

தந்தையின் அன்பில் தந்திரமில்லை

தந்தைகளுக்கொரு தாலாட்டும் மில்லை

தந்தைகளுக்கொரு பாராட்டும் மில்லை

தந்தையின் கண்ணீரகண்டதில்லை

தந்தையின் வேர் வயை அறிந்ததில்லை

தந்தையாரும் வாசிக்கவில்லை

தந்தையின் அழகான காதல்கண்டதில்லை

தந்தையின் பால் ஒரு ஆயுதமில்லை

தந்தையின் பால் ஒரு ஆயுதமில்லை

# DREAM

An acrostic is a poem in which the first letters of each line spell out a word or phrase.

**D**o challenging things

**R**adiant yourself

**E**nlighten

**A**ccept reality

**M**ake friends

**PARVEEN**

**ENGLISH TEACHER**

They give voice  
To the voiceless  
They are light  
When darkness falls  
It is them  
Nameless Soldiers  
Who answer the call  
Someone said that  
FREEDOM Shines  
Brightly Shinning  
Freedom stings  
And bleeds red  
As Heroes fall.

Nishaly ,  
English Teacher

## ज्ञान धन और विश्वास

यह कहानी तीन दोस्तों की है। ज्ञान, धन और विश्वास। तीनों बहुत अच्छे दोस्त थे। तीनों में प्यार भी बहुत था। एक बार किसी वजह से तीनों को अलग होना पड़ा तो तीनों ने एक दूसरे से सवाल किया कि आज के बाद हम कहाँ मिलेंगे।

तो इस पर ज्ञान ने कहा - “मैं मंदिर, मस्जिद और किताबों में मिलूँगा”।

धन ने कहा- “मैं अमीरों के पास मिलूँगा”।

विश्वास चुप रहा और कुछ नहीं बोला, “जब दोनों दोस्तों ने उससे चुप रहने का कारण पूछा तो विश्वास ने रोते हुए कहा - “मैं एक बार चला गया तो फिर कभी नहीं मिल पाऊँगा।”

ये छोटी सी कहानी हमें सिखाती है कि ज्ञान और धन आप जब चाहे तब प्राप्त कर सकते हैं लेकिन विश्वास एक ऐसी चीज़ है जो एक बार टूट जाए तो फिर उसका वापस आना बहुत मुश्किल है।

The Implementation Of Three R's In Life  
Let's implement the 3r's in our life. In life we are being taught a good deal of moral value. Let's recollect them and reuse them to make our life and others ' lives magnificent. Reduce all the grief and sadness in people's lives so that we relish the essence of happiness. Recycle all the life lessons learnt in one's life and make oneself a better human and provide an ecstatic world for everyone. Nature and God have given us a lot but we exploit them for our benefits and deprive them of the ones who are the rightful owners . So let us effectuate the 3r's in our life and make it an integral part of our life.

The speed of the computer is a powerful thing,  
A tool that can help us do anything.  
It is a device that can help us innovate and grow,  
And make our dreams a reality,  
don' t you know?  
So let us embrace the speed of the computer,  
And use it to make our lives richer and better.  
For in the speed of the computer, we find,  
A tool that can change the world in the blink of an eye.

## **Chandrayaan-3 Research Paper**

Chandrayaan-3 is a follow-on mission to Chandrayaan-2 to demonstrate end-to-end capability in safe landing and roving on the lunar surface. It consists of Lander and Rover configuration. It was launched by LVM3 (Launch Vehicle Mark III) from SDSC SHAR, Sriharikota. The propulsion module carried the lander and rover configuration till 100 km lunar orbit.

**Start date:** 14 July 2023

**Payload mass:** Propulsion

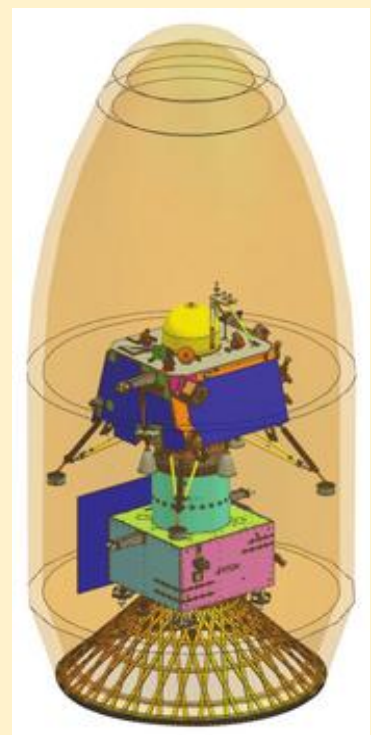

Module: 2148.00 kg;

Lander Module

(Vikram): 1752 kg

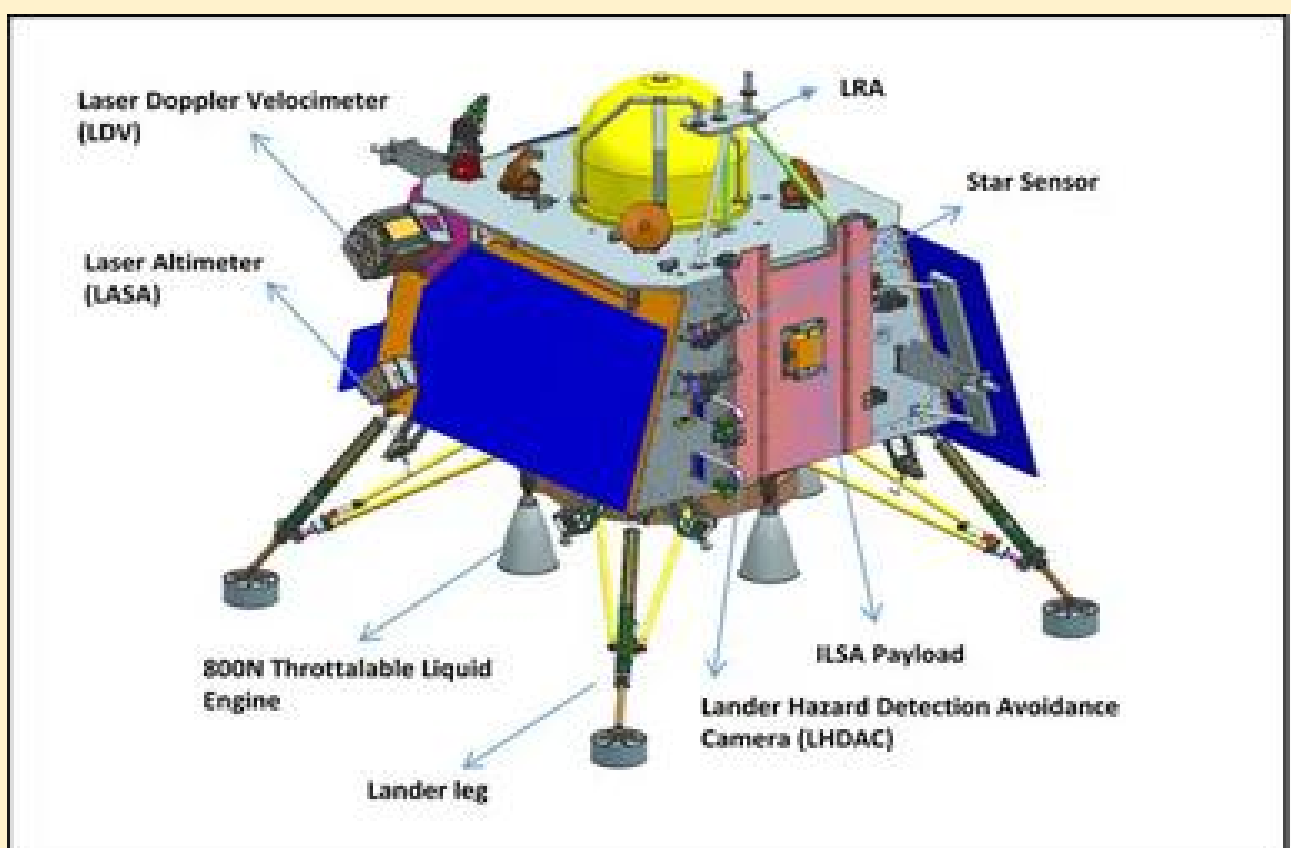

including Rover (Pragyan)

of 26 kg; Total: 3900.00 kg.

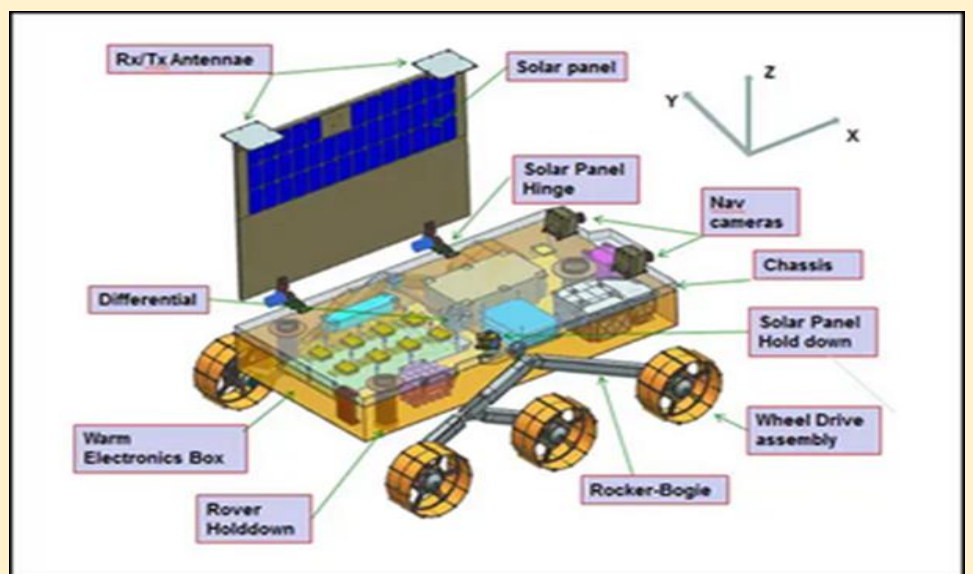

**Lander payloads:** The Vikram lander is responsible for the soft landing on the Moon. It is also box-shaped, with four landing legs and four landing thrusters capable of producing 800 newton's of thrust each. It carries the rover and various scientific instruments to perform on-site analysis. Additionally, ISRO improved the structural rigidity, increased polling in instruments, increased data frequency and transmission, and added additional multiple contingency systems to improve lander survivability in the event of failures during descent and landing. The Lander has the capability to soft land at a specified lunar site and deploy the Rover which is carrying in-situ chemical analysis of the lunar surface.

**Rover payloads:** The Pragyan rover is a six-wheeled vehicle with a mass of 26 kilograms. It is 917 millimeters x 750 millimeters x 397 millimeters in size.

The rover is expected to conduct multiple measurements, researching the composition of the lunar surface, the presence of water ice in the lunar soil, the history of lunar impacts, and the evolution of the Moon's atmosphere.

## Post-Landing Plan

After Chandrayaan-3's successful landing, the plan for it is to deploy a rover on the Moon and explore the lunar south pole. The Indian Space Research Organization (ISRO) has said that the rover will move at a speed of 1cm per second - with each step it will also leave on the Moon's surface the imprint of ISRO's logo and emblem embossed on its six wheels.

## **Landing**

On Wednesday, tense moments preceded the touchdown as the lander began its precarious descent. The lander's speed was gradually reduced from 1.68km per second to almost zero, enabling it to make a soft landing on the lunar surface. Precisely at 6.03 p.m. the lander touched the lunar surface and there were euphoric celebrations at the Mission Operations Complex (MOX) at ISRO Telemetry, Tracking, and Command Network (ISTRAC), Bengaluru. With this landing, India has scripted a history and joined the elite ranks of the United States, China, and the former Soviet Union (now Russia) as the fourth nation to master the technology of soft lunar landing.

# MY KIDS ISRO TRIP

---

My Kids K. Daksha Vardhan and K. Raksha Vardhan attended the NASO Exam which was conducted in our school and K. Raksha Vardhan got selected for ISRO trip. The ISRO trip is mainly to visit the ADITYA-L1 launch on September 18 2023 in Sri Hari Kota, Andhra Pradesh. The accommodation got provided for my kid (Raksha Vardhan) in the hotel, Tada. Once we reached the hotel, they started orientation program. During the due course of the program, they planned to include Daksha Vardhan also in ISRO trip. Students from different parts of the country also joined in this trip.

The students were arranged separate transport for the ISRO premises Satish Dawan Space Centre where the ADITYA – L1 is launched. First students were allowed to visit the space museum. There are very interesting and more informative about the history of ISRO and they have the prototype of all the rockets and satellites which was launched earlier.

Finally, the countdown started for the launch of ADITYA – L1 which was the moment where the entire world was waiting for. They assembled in the gallery and we saw the ADITYA-L1 launching with binoculars. Within few seconds the rocket started propelling towards the sky. We saw the huge flame of fire below the rocket and once it started moving up, we could hear the blast sound and loud vibrating sound which was too loud. Once it reached certain height again, we could hear the blast sound again and after some time, we saw only the traces of smoke and the rocket penetrates the clouds and propelled further. After that the crowd started dispersing and we moved to they reached the transport and have their lunch and returned to the hotel and they were handover to us. That is the end of the TRIP. It was a very proud moment. Thanks for our school for providing such an opportunity.

### Captain Vikram Batra

150 words

Captain Vikram Batra, PVC, was a true hero who exemplified the values of courage, determination, selflessness and patriotism. His life and legacy offer us valuable lessons that we can learn.

#### Courage

- Captain Batra was fearless in the face of danger. He led his troops from the front in the Kargil War, and his courage inspired them to overcome all obstacles.

#### Determination

Captain Batra was never one to give up. He was determined to complete his mission, no matter what the cost.

#### Selflessness

Captain Batra was deeply selfless. He always put the needs of his men before his own. He was willing to sacrifice his own life to save the lives of his comrades.

## Patriotism

Captain Batra was deeply patriotic and loved his country very much. He was willing to fight and die for India, and his sacrifice is a reminder of the importance of patriotism.

Captain Vikram Batra is a true inspiration to us all.

By following his example, we can make the world a better place.

Jai

Hind!

# Celestial Encounter

Rani Lakshmi Bai's

## CALL TO UNITE AGES

In the ethereal realm of a moonlit slumber, a breathtaking vision unfolded before my very senses, transcending the boundaries of time itself. Rani Lakshmi Bai, the indomitable queen of Jhansi, materialized with an aura of resolute purpose, her eyes aflame with the ardor of a thousand battles. Her voice, a harmonious blend of valor and conviction, resonated in the chambers of my heart, as though each word were a note in a stirring symphony. She beckoned me to serve our cherished motherland with the same unyielding spirit that had been the hallmark of her legacy.

# Water and Human Health

Water is the basic necessity for the functioning of all life forms that exist on earth. It is safe to say that water is the reason behind earth being the only planet to support life. This universal solvent is one of the major resources we have on this planet. It is impossible for life to function without water. After all, it makes for almost 70% of the earth. We maybe able to survive without any food for a whole week but without water, we won't even survive for 3 days.

Human health is defined as the state of well being with regards to the mental, physical and social aspects of the human condition. A person cannot be called healthy merely because of the absence of disease; he or she needs to be doing well in all ways to actually qualify as healthy.

# பண்டைத் தமிழர் நீர் நிலைகள்

நாடு கொண்டு நாடாக்கி  
குளம் கொட்டு வளம் பெருக்கி

வேளாண்மைப் பெருக்கத்திற்கு, நாடுகளை அழிப்பதும் குளங்களை விடவேதும் இன்றியமையாதது என்பதனைப் பண்டைத் தமிழர்கள் அறிந்திருந்தனர்.

நீரும் நிலமும் புணிரயோர் ஈண்டு  
உடம்பும் உயிரும் படைத் திசினோரே

என்று பாடியுள்ளார் (முறநானூறு: 18:22-23). நிலம் திருத்தி, நீரின் துணையால் வேளாண்மை செய்வார் உயிரும், உடலும் படைத்துக்காப்பதென்பதே ஆங்காடரின் பொருளாகும். இதற்கைய வரலாற்றுக் தொன்மியிக்க தமிழரின் நீர் மேலாண்மை குறித்து காணலாம்.

மன்னர்களும் நீர் மேலாண்மையும் :

இந்தியாவை ஆட்சிபுரிந்த மன்னர் நிதித்துறை, பொருத்துறை, நீர்பாசனத்துறை என்ற மூன்று முக்கிய துறைகளைத் தம் பொறுப்பில் கொண்டிருந்தனர்.

மருதநில வேளாண்மை உருவான பின்னர் 'இறை' என்ற பெயரில் நிலவறி வாங்கும் வழக்கம் பரவலானது. இறை பெற்றுக் கொள்ளும் மன்னன் தன் பங்கிற்கு நிலங்களுக்கு நீர் வழங்கும் கடமையைச் செய்ய வேண்டியிருந்தது.

இதன் அடிப்படையில் ஆறுகளின் கரைகளைப் பராமிரித்தல், அணை கட்டல், வாய்க்கால் விட்டல், ஏரி, குளங்கள் அமைத்தல் என்பன போன்ற செயல்களை மேம்பிக்கொண்டனர்.

அணை கா- கட்டுதல்:

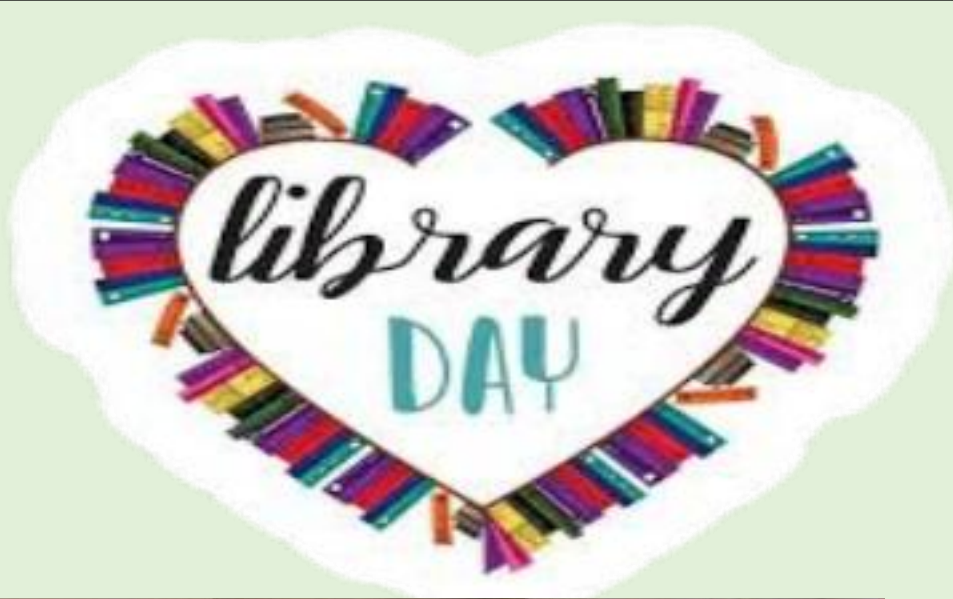

ஆயுக்கையாகத் தன்போக்கில் ஓடி வரும் ஆற்று நீரைத் தடுத்து நிலைத்தி வைப்பதற்கும், அரைத் தாய் விரும்பும் பகுதிக்கும் கொண்டு செல்லவும் பயன்படும் அடிப்படையான தொழில்நுட்பம் அணைக்கட்டுதல் ஆகும்.

சங்கக்காலத்திற்கு முந்தைய தொல்காப்பியத்திலும் (பொருள் 65-67) சங்க இலக்கியங்களில் ஒன்றான மதுரைக் காஞ்சியிலும் (725-726) 'ஊசிறை' என்ற பெயரில் அணைக்கட்டு குறிப்பிடப்பட்டுள்ளது. தற்காலக் கட்டப்பட்டுள்ள பகுதிகளில் தண்ணீர் சிறைப்பட்டுள்ளதால் இப்பெயரை அடகுள்ளனர். ஊசிறைகள் என்ற பெயரிலான தொன்மையான, அணைக்கட்டுகளில் இன்றும் தசாந்தரம் காணக்கூடியதாக 'கல்லணை' அமைதியுள்ளது.

தமிழர்களின் தொழில்துட்பம் :

ஆறுகளின் நீரோட்டம் குறைவாக இருக்கும் காலங்களில், ஆற்றில் முங்கில், மரக்கிளம்பு, கட்டுவித்து, குருக்கை கட்டி, அதன் முன் இலை, தழை, களிமண், கற்கள், மணல் கொண்டு தடுப்புகள் ஏற்படுத்தி ஆற்றின் நீரை உயர்த்தி வாய்க்கால்களில் அழிக அளவில் செல்லுமாறு செய்து வழங்கனர். அவை தற்காலிகமானவை. அழிகம் நீர் வழங்கல் அவை உடைந்துவிடும். மீண்டும் மீண்டும் அவை அமைக்கப்பட்டன. இவற்றைத் தொழில் என்றழைப்பர். இம் முறையில் அழிகச் செலவும், உழவுப்பும் தேவைப்பட்டாலும் அதிவிரைவில் தொழில் நுட்பமானது.

**'A LIBRARY IS THE HOSPITAL FOR THE MIND'**

**The more that you read,  
The more things you will know.  
The more that you learn,  
The more places you'll go.  
-Dr. Seuss**

In honour of the Father of Library Science Dr. S.R.Ranganathan, a series of competitions and events were organised during the Library Week Celebrations at **SAN ACADEMY, VELACHERY** from 17<sup>th</sup> of July, 2023 to 22<sup>nd</sup> of July, 2023.

The students were very enthusiastic to narrate nature and moral based stories, recite poems in English, Tamil and Hindi with good intonations and voice modulations. They were enthusiasts having the flair to comprehend the pictures and write a story of their own.

The students donned the roles of young entrepreneurs when they tagged their own brand. The students of classes 6 to 8 travelled a step ahead in giving creative wings to their linguistic work wherein they split into teams and designed their own magazines based on Food, Travel and Fashion Technology.

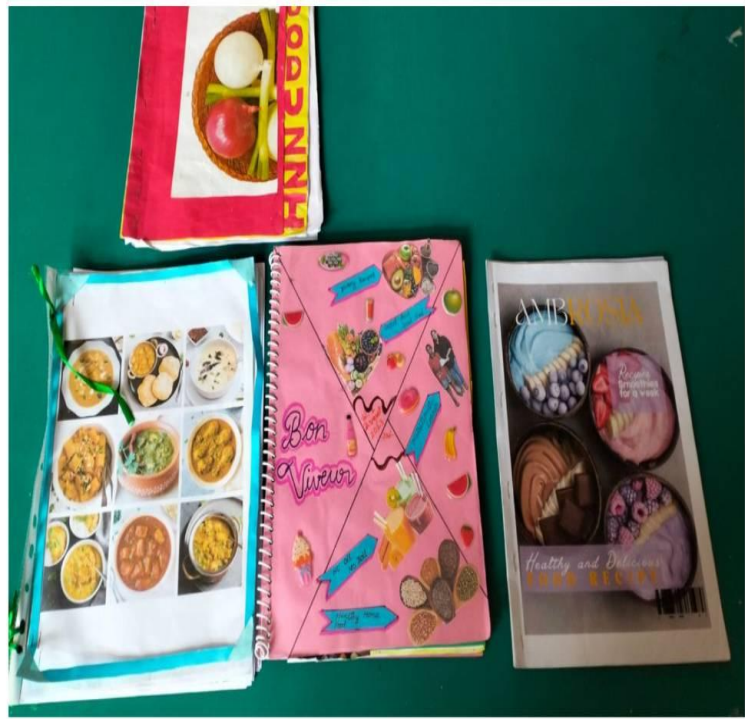

The students proved to be good originators and bibliophiles and showed interest in buying books of different genres from the book fair organised in collaboration with **'The Children Book House.'**

It was a roller coaster week of various fun filled activities related to reading, skill development and creative imagination. The students thoroughly enjoyed every aspect of Intensive & Extensive Reading.

## Compost Pit

Today's Horticulture topic was Compost pit by Mr. Shankar.

The preparation and importance of the compost to the plants was explained to the students.

The preparation of compost Pit was demonstrated step by step. How the dry leaves, egg shells, tea powder, vegetable peels, ghee, curd etc. can be used for the compost was illustrated.

The students felt the session was more interesting and they are ready to prepare the compost by themselves.

In an epic mono act competition for students of classes 3 to 5, young talents showcased their love for nature's saviours: trees! With captivating performances, they brought alive the importance of these green wonders. Cheers to our tiny heroes for spreading the joy of saving our planet

# PARENTS BANTER

My daughter has attended San Academy for three years now. She absolutely loves the school and the staff. Her teachers are a great encouragement and the academic is great.

Ashifa

The Administration is open minded and think outside the box to make SAN a Successful educational experience for the Students. They teach value lessons, communication and Leadership skills.

Subathra

# PARENTS BANTER

I am impressed with curriculum and teaching methods which is different from other schools. Well planned worksheets for practice which makes my child think beyond prescribed textbooks. I like to take this privilege to congratulate the management of the school for its endless efforts.

Nisha
